THE COLLEGE CREST

The College Crest is enshrined within a lotus in full bloom to represent the cult of the devotion preached by mahaprabhu Shri Vallabhacharya. At the centre of the crest is a sacrificial fire, which symbolizes the Lord himself 'Yagna Vai Vishnu'. The Lord is reached by three steps of the altar signifying KSHARA, AKSHARA and POORNA PURUSHOTHAMA. The Volume at the foot of the altar stands for the Book of Knowledge (the Vedas) and the three flowers on it show the factors that conduce to the accumulation and propagation of the Knowledge, Intelligence, Action and Material Resources. The aim of Knowledge is the Realization of the Supreme truth and this is embodied in the College Motto taken from Srimad Bhagavatam.

"Let the truth uphold Supreme in my consciousness"

HAPPY RETIRED LIFE

The Best Things in Life are, the people we love, the places we have been and the MEMORIES we have made along the way. Learning from a good teacher is an experience that can sometimes be more profound than education itself.

No one can really say Good Bye to teachers, for they forever stay in the little homes called "Homes of their students"...

"Education is the manifestation of the perfection already in man" - Vivekananda.

"Education is the most powerful weapon which you can use to change the world" - Nelson Mandela.

S.D.N.B Vaishnav College for women has been pursuing the objective of accomplishing the empowerment of women, with determination and vigour.

Our college plays a distinct role in the development of women's education in the suburban region of Chennai transcending the young minds into confident humans and responsible citizens. Our college encourages our students to hone their skills and display their talents in academics, co-curricular and extra-curricular activities.

To quote Thomas Carlyle, "permanence, perseverance, and persistence inspite of all obstacles, discouragements and impossibilities; It is this, that in all things distinguishes the strong soul from the weak". We guide our students to strengthen their souls imbining ethical tradition juxtaposed with quality education to emerge as successful individuals.

Keeping with the words of R.L. Stevenson, "Don't judge each day by the harvest you reap, but by the seeds that you plant". Our college with its dedicated staff as mentors, inculcates moral values to our students. The Reaccreditation of our college with A+ grade by NAAC stands as a testimony to our efficiency. My best wishes for a vibrant year ahead.

S.D.N.B. VAISHNAV COLLEGE FOR WOMEN, CHROMPET, CHENNAI - 600 044
COLLEGE DAY REPORT

Our esteemed Chief Guests of day Mr. Arun Jain, Chairman and Managing Director Intellect Design Arena, Dynamic Chairman Smt Mamta D Bhatt, our most respected Secretary Shri Chandrakant M Tolia, Chairman Cork Industries, Shri S N Bhatt, managing committee members, distinguished guests, alumni, parents, members of the staff both teaching and non-teaching and my dear young students, I extend a very cordial welcome to each one of you here.

On the occasion of the 49th College Day with the blessings of Almighty, I present before you a brief report about the achievement and activities of our college during the academic year 2016-2017.

"Education is the passport to future, for tomorrow belongs to those who prepare for it today".

The prime focus of this Institution is to enrich the future of young women. 2016-17 has been a year with beeline of activities and development programmes.

GENESIS OF THE COLLEGE

Shrimathi Devkunvar Nanalal Bhatt Vaishnav College for Women was started in 1968 with the generous donation of 10 acres of land by our Late Founder Chairman Shri Nanalal Bhatt and 6 lakhs donated by Cork Industries Charities Trust. The College stands in the name of our Late Founder Chairman's beloved wife Shrimathi Devkunvar. The College has efficiently rendered more than four decades of dedicated service to the cause of women's education. Self-financing courses under evening structure were started in the year 1984-85 at the undergraduate level and in 2001 at the Postgraduate level. The college has been continuously accredited with 'A' grade by NAAC in the first two cycles and recently re-accredited with 'A+' Grade in the 3rd cycle. The College has been functioning as an Autonomous Institution affiliated to University of Madras since 2006. We have a total student strength of about 5200 in Aided and Self-Supporting Structure. The College offers 23 Undergraduate, 11 post Graduate, 4 M.Phil. and 6 FT & 4 PT research programmes, which includes three newly introduced courses **M.Sc.(Chemistry), M.A. Journalism & Communication and B.SC.(Nutrition, Food Service Management and Dietetics).**

Our management members actively evince a keen interest in the functioning and activities of the college.

The NAAC peer team headed by Dr. M. O. Koshy former Vice C Kannur University, Kerala, Dr. Savitha Dixit, Moulana Azad National Institute of Technology, Bhopal and Dr. Lily Nirmal David, St. Josephs College of Commerce, Bangalore visited the college from 14th to 16th December 2016 for 3rd Cycle reaccreditation and audited all aspects of functioning of the College. With great pride I announce before the gathering, that our college has been reaccredited with A+ grade by NAAC based on the peer team report. The dynamic support of our management and excellent team-work of the dedicated faculty members, staff and students of our college led to the achievement of this milestone.

INFRASTRUCTURE

The College has well developed infrastuctue for modern and hi-tech education with internet and intranet facilities, smart classrooms equipped with interactive boards and state of art laboratory facilities.

IQAC – The internal quality assurance cell is the nodal agency for creating a Learner Centric environment, monitoring quality parameters & developing quality culture. The cell manages data through effective college information system and obtains regular feedback from all the stakeholders. Other than this, a workshop on "Peace initiative" by the Prem Ravat foundation was conducted for faculty members.

ACADEMIC ORGANIZATION

The Deans' of Students', Mathematical Sciences', Arts, Commerce, New Age Sciences & Extension Activities, headed by the Principal monitor and streamline various activities of the College.

ACADEMIC ACTIVITIES (BOS, Academic council, governing body)

This year academic audits of all departments were organised by the IQAC for monitoring and assuring quality of education and knowledge resources for the students. Board of studies meet annually to design and develop syllabi which are career oriented with enriched contents which is approved by the academic council and the governing body of our college.

Funding by DBT – DBT star college funding from the ministry of HRD was received by the departments of Biological Sciences for enhancing life science and Biotechnology education & training at UG level leading to synergy with the industry.

CAREER ORIENTED PROGRAMMES

UGC sponsored career oriented programmes Women Entrepreneurship and Mushroom Cultivation were conducted this year

MOUs

Our College is recognised study centre for conducting foundation and intermediate courses of CMA, ICSI and ICAI.

We have also signed an MoU with National Institute of Electronics & Information Technology to conduct free Hardware and Software computer courses for SC and ST students.

Research activities :

The quality of education largely depends on the quality of teachers. In pursuit of knowledge and excellence our teachers always evince keen interest in Research. Our faculty members are guiding PhD and MPhil research scholars. There are 18 full time PhD scholars and 34 Part time PhD scholars. 5 candidates are awaiting viva. Our Management has sanctioned Rs. 6 lakhs for 10 minor projects as seed money for self-supporting studies to encourage research activities. This year 10 faculty members have been awarded PhD degree. Dr. R. Radhakrishnan, Department of Computer Science and Dr. N. Gajalakshmi, Department of Economics have guided a student each for the award of Doctorate degree from University of Madras.

Faculty achievements :

The quality of education largely depends on the quality of teachers. Our faculty keep themselves updated by participating in conferences and publishing articles in journals. The details are projected on the screen.

Training and Placement Cell is an effective institutional arrangement primarily aimed to train and place our students in the best corporate entities all over India. This academic year has been another eventful and landmark year for the Training and Placement Cell. The cell organizes campus interviews to facilitate suitable job opportunity for the final year students after their graduation. Globally renowned Corporate organizations like CTS, Dell, TCS, Accenture, Maverick etc., visit our campus to recruit our students. Thousands of students are benefited and well posted in various reputable organizations. The cell conducts various training programmes by invited HRs, corporate bigwigs etc., to aid the students for their future pursuits.

100% placement for this year as well. 979 job offers were successfully obtained by 827 students in this year also, in prominent companies like Tech Mahindra, CTS, Wipro, Virtusa, TCS etc.

Hostel - A fully furnished hostel with a multicultural environment and modern facilities is a boon to the students from other cities.

BEST PRACTICES

I conclude this report with thankfulness to the Almighty for the progress and success that the college has achieved so far. We are grateful to the Management for their encouragement and guidance. The undaunted spirit of the faculty members and administrative staff is praiseworthy. The parents have faith and confidence in the remarkable service of the college. Our students deserve a word of praise on this occasion for their admirable behaviour and highly motivated participation in all the college activities throughout the academic year.

As we are at the threshold of the Golden jubilee year we have milestones to reach.

Thank you

HOSTEL REPORT 2016-17

(Home Away From Home)

We are very much cherished to submit the S.D.N.B Hostel report for the year 2016-2017. Our hostel has well equipped facilities with 33 rooms. Library, internet computer centre, Recreation room, Reading hall, Visitor's Lounge, U.P.S, Generator, Napkin incinerator, R. O. Mineral Water, Out Door Play Field, are provided for the comfort living. The Hostel is surrounded with Greenish Lawn and Floral Garden this academic year the hostel was reopened on 7th June for 2nd and 3rd years and 15th June for 1st years.

This academic year, with the rapid expansion of the infrastructure, we were able to accommodate 124 undergraduate and 4 post graduate students in the hostel. We feel that it is an enriching experience for many more students to live in a multicultural environment. We are happy to have few overseas students from Qatar and Sri Lanka. Students from all over Indian states like Punjab, Delhi, Jharkhand, Gujarat, Andhra Pradesh, Kerala and from the Union Territory Island Andaman & Nicobar are also staying in the hostel.

To meet the demand of more students seeking admission in the hostel, an additional dormitory room was extended.

To have effective functioning as well as to involve the students in taking up various responsibilities in the hostel, few committees have been formed after the election of President and Vice President, in the 1st week of July.

Fresher's day was organised by the senior students with the help of wardens, to welcome the new comers and make them feel at ease in the hostel.

The homely and the family atmosphere is cherished among the inmates through mutual understanding and moral support to each other be it dear, near or far.

A library has been setup with more than 300 books on various topics. Many students are utilizing the library to enhance their knowledge.

We have subscribed three newspapers "The Hindu, Times of India and Thinathathi" for the use of hostellers. Apart from these two newspapers we are getting "The Indian express, Thinamani and Deccan chronicle" by free of cost.

Education is not merely imparting knowledge, it inculcates values and discipline. It builds the youth into strong women of tomorrow. The highest education is that which does not give us information but make our life in harmony with all existence.

During this academic year, need-based talks and activities like Yoga, counselling were arranged to help the students to lead a better and healthier life.

We are grateful to our Chairman and Principal who guide the students, to handle their problems and gain self-confidence, courage and inner strength. We take special care to not only the physical needs of the students but also their psychological and spiritual aspects by offering regular counselling and guidance to the students.

Students have undergone counselling sessions in the month of August. Counsellor, Mrs. Nandhini Narayanan gave speech on "teen issues and challenges" to all the students.

Yoga classes were started in the months of October; Mrs. Thiruselvi is taking classes for the hostel students. Students were trained in physical exercises, kayakalpa exercises, meditations and self examination like analysis of thoughts, moralization of desires, neutralisation of anger, eradication of worries and realisation of self. Some physical fitness equipments are erected near the hostel for the students to do the physical exercise.

Hostel inmates have undergone regular medical check-up. Dr. Kenka Devi conducted medical check up on September 18th and October 23rd of 2016 for this academic year. Renowned corporate Companies have conducted campus interviews in the College. Hostel students Ramya prabha, Y.Sowmiya, Indhumathi, Jayashree,

R.Pavithra and Pavani were placement co-ordinators. I am extremely proud to inform that 18 students from our hostel have been placed successfully in the reputed Companies. The price of success is hard work, dedication to the job at hand and the determination to win. They have to apply the best of themselves to the task at hand.

Parent's meeting was held on 25th November 2016. A video film about the hostel infrastructures and facilities was screened for them. Parents interacted with Principal and hostel admission committee members.

Deserving students in sports are benefited by the generosity of the management. Our Hostel students have a rich tradition of winning leaps of prizes in Sports and other activities. 10 Sports Players are accommodated in the hostel by the management without charging any amount.

Final year Students M.Sowmiya, C.Suganya, R.Mohana Priya, and S.Pavithra Ranjani have all won Gold, Silver and Bronze

Medals in National, State, Zonal and Inter-University Meets. M.Susmitha, M.Devt, I. Monisha, S. Divya athletes won the first and Second Prizes in various events. I - year History Bhavithra and T.U.Rajeswari also took part in Zonal Tournaments.

Apart from the curriculum many of our hostel students excelled in the extra-curricular activities. Many talented students took part in the intercollegiate and inter-departmental competitions like music, group dance, sketch, fashion show, collage, poster making, logo designing, variety entertainment and won number of prizes. I year students Nevedha, Vasudara raja sindia, Kavitha, Pavithra.P from the hostel have contributed Tamil kavithaigal to Puthukkural book, published by the Dept of Tamil.

NAAC Re-accreditation Peer Team had visited our Hostel on 15th December 2016. The hostel Students have displayed many thought-provoking awareness charts about women empowerment, global warming, AIDS, Cancer, tuberculosis awareness etc. They also prepared and displayed captions on moral values. The NAAC peer team interacted with hostel students and also with the workers. The NAAC peer team has given a remarkable and memorable comment about the functioning of the hostel.

In this academic year, during the Hostel Day celebration, we have planted number of saplings in and around the college and hostel buildings, to get rain, arrest global warming, stop pollution and to replace vartha cyclone damages. Last year also numbers of sapling were planted for green atmosphere.

We encourage student's participation in social, cultural and Leisure activities. A Hostel is not any random accommodation. It is an attitude towards life. You open yourself to create lasting relationships with new-found friends. It is a place to meet and guide and make bonds that will last ever in lifetime.

Hostel stay develops the qualities of understanding and adjustment and sharing and caring amongst the students. It nurtures virtues like adaptability, tolerance and sacrifice. In developing the students to noble and responsible citizens.

We conclude with the lines of Roosevelt "Happiness lies in the joy of achievements and the thrill of creative effort". We hope our students will enhance their creativity and potentiality to move on the path of success and progress in future.

பாரதி தமிழ்ப் பேரவை 2016-17 முத்தமிழ் விழா 16.09.2016

எமது கல்லூரியில் முத்தமிழ் விழா 16.09.2016 அன்று காலை 9.30 மணியளவில் கல்லூரி முதல்வர் முனைவர் திருமதி வை.வரலட்சுமி அவர்கள் வரவேற்புரை வழங்க இனிதே தொடங்கியது. தமிழ்த்துறைத் தலைவர் பேராசிரியர் முனைவர் தி.செந்தமிழ்ச்செல்வி அவர்கள் சிறப்பு விருந்தினரை அறிமுகம் செய்தார். சிறப்பு விருந்தினர் திரைப்பட பாடலாசிரியர் காதல் கவிஞர் விவேகா அவர்கள் குத்துவிளக்கு ஏற்ற விழா இனிதே தொடங்கியது.

சிறப்பு விருந்தினர் கவிஞர் விவேகா அவர்கள் உரையாற்றுகையில் தமிழ் எழுத்துக்கள் அறிமுகம் செய்யும் பொழுது எழுத்தறிமுகத்தோடு அறக்கருத்துக்களையும் எடுத்துக்கூறும் மரபுடையது நம்முடைய தமிழ் என்று தமிழ்மொழியின் சிறப்பினைப் பற்றி எடுத்துக்காட்டுடன் விளக்கங்கூறினார். மேலும் உற்றுநோக்கல் உள்வாங்குதல் போன்றவற்றின் அவசியத்தை எடுத்துக் கூறினார். சீன தத்துவ ஆசிரியர் கன்பூசியஸ் இறுதிக் காலத்தில், சீடர்களுக்குத் தன்வாயைத் திறந்து காட்டினார். பற்கள் அற்ற அவரின் வாயைக்காட்டி, இடையில் தோன்றிய பற்கள் இடையிலேயே விழுந்துவிட்டன. ஆனால், முதலில் தோன்றிய நாக்கு இறுதிவரை இருக்கின்றது. அது போல நம்முடைய பெற்றோரைப் போற்ற வேண்டும் என்று சிறப்பாக உரையாற்றினார். இதனைத் தொடர்ந்து நம் கல்லூரி முதலாம் ஆண்டு மாணவியரின் "புதுக்குரல்கள் வெளியீடு"-4 என்ற கவிதை நூலையும் வெளியிட்டார்.

அடுத்ததாக இசைத்தமிழைச் சிறப்புச் செய்ய தே.ரோஜா மூன்றாம் ஆண்டு ஆங்கில இலக்கிய மாணவி, முகை வில்லிசைக் குழுவினரோடு இணைந்து கர்மவீரர் காமராசர் பற்றிய வில்லுப்பாட்டினைப் பாடினார். அதனைத் தொடர்ந்து ஆடிய கரகமும் பரதமும் முத்தமிழ் விழாவிற்கு மேலும் அணி சேர்த்தன. அன்று மதியம் நாடகப் பிரிவுக்குச் சிறப்பு விருந்தினராக வந்திருந்த திரைப்பட இயக்குநர் கலைமாமணி எஸ்.பி.முத்துராமன் அவர்கள் நாடகத்தமிழ் பற்றி உரையாற்றினார். நாடகத்திற்கு இலக்கணம் வகுத்த பெருமை தமிழுக்கு உண்டு என்றும், நாடக மேடை அமைப்பு, திரையின் பிரிவுகள், நடிகர்களின் பாவனை போன்றவற்றைச் சிலம்பில் இளங்கோவடிகள் நமக்கு இரண்டாயிரம் ஆண்டுகளுக்கு முன்பே கொடுத்துள்ளார் என்றும் கூறினார். மேலும், புதுமைப்பெண்கள் குறித்து பாரதி கூறிய பாடல்களை எடுத்துக்காட்டி மாணவியருக்கு அறிவுரை வழங்கினார்.

“காலம் பொன் போன்றது அல்ல”. காலம் உயிர் போன்றது என்று முத்தமிழ்க் காவலர் கி.ஆ.பெ. விசுவநாதம் கூறியதைக் குறிப்பிட்டு காலமும் உயிரும் போனால் திரும்பி வராது என விளக்கமளித்தார்.

தமிழ்பேரவைப் போட்டியில் வெற்றிப் பெற்ற மாணவியருக்குப் பரிசுகளை வழங்கிப் பாராட்டினார். நம் கல்லூரி மாணவியர் நடித்த “காரைக்கால் அம்மையார்” என்ற நாடகம் அனைவரின் பாராட்டைப் பெற்றது. இம்முத்தமிழ் விழா மாணவியர் பயன்பெறும் வகையில் மிகச் சிறப்பாக அமைந்திருந்தது. வாழிய செந்தமிழ் மற்றும் நாட்டு பண்ணுடன் விழா இனிதே நிறைவுபெற்றது.

சர்வோதைய தினமான ஜனவரி 30 ம் தேதி காந்தி - சத்திய சோதனை தேர்வு நடைபெற்றது. அதில் 50 மாணவியர் பங்கேற்றனர். 42 பேர் முதல் வகுப்பிலும் 5 பேர் இரண்டாம் வகுப்பிலும் தேர்ச்சி பெற்றனர்.

DEPARTMENT OF HINDI

Department of Hindi (Day) arranged for two GUEST LECTURE SESSIONS in Hindi in the Academic year 2016-2017. Topics of Lectures were : 'WOMEN EMPOWERMENT' & 'EMPLOYABILITY IN HINDI' which took place on 14/10/2016 and 16/11/2016 respectively.

Mrs. Sandhya Purohit from Jodhpur, Rajasthan was the Guest invited for giving special Lecture on 'WOMEN EMPOWERMENT'. She is basically a writer. She is also a social activist. She emphasized that women should take active part in social life. She highlighted the point that Women naturally has more will power, patience and perseverance. Women has a natural instinct that strives hard for perfection. Women can not only become a good home maker, but she can also give her hands in building our Nation. Mrs. Sandhya made a note that Women can contribute to the nation either through social service or by playing a responsible role in the Politics. In either way not just the society, but Women also gets empowered.

This motivational lecture session was very informative and useful for our students.

Another Special Guest invited for delivering the second Lecture was Dr. Shrabani Bhattacharya. She is the Head Dept. Of Hindi, Stella Maris College, Chennai.

Her speech threw light on 'Career options in Hindi'. She listed out various fields where employment opportunities are available in plenty for Hindi students. She said that Fields like Banking sector, Railways, Insurance sector, Translation, Journalism, Marketing, Advertising, Anchoring, Dubbing, Lyric writing, etc., have tremendous openings for Hindi students. She explained about various Diploma courses in Hindi which qualifies them for the above mentioned fields. Job opportunities in foreign countries was also discussed by her in this session.

This lecture session was an eye opener and highly informative for our students.

ENGLISH LITERARY ASSOCIATION AND DEBATE CLUB REPORT OF THE YEAR (2016-2017)

Success does not lie in "RESULTS"

But in "EFFORT"

"BEING" "the best is not important doing the best is all matters.

On 4th of August 2016, ATHENA - The English Literary Association and Debate Club was inaugurated by Dr. P.N.Ramani, General Manager, Akara Education Private limited.

We conducted various Inter Collegiate and Inter Department Competitions.

To commemorate the 400th death anniversary of William Shakespeare, we conducted inter collegiate competition like brendevou, lollapalooza, mercy makers and shake quiz. The programme was inaugurated by Dr. L.K.S. Yalanidhi Associate Professor, Department of English, Gurunank College.

Students from more than 8 colleges participated. The prizes were bagged by Rajeshwari Vedhachalam Government College of Arts and Science, Chengalpattu; Ragul Arts and Science College, Ethiraj College and Guru Nanak College in various events.

In the inter department oratorical competition Students from various departments participated enthusiastically and department of Physics won 1st prize, 2nd prize and 3rd prize was bagged by English Department. The event was judged by Dr.K.Kanthimathi and Miss G.Thilagavathi Assistant Professors, Department of English.

The Department also celebrated "World poetry Day" by conducting an interdepartmental poetry reading competition. Quite a number of inspiring poets enthralled the audience with emotional and expressive readings of their poems. The prize were won by the physics and English department respectively. The event was judged by Dr. P. Beena and Miss. G.Thilagavathi, Assistant professors, Department of English.

Poetry reading with prakriti was held on 29th November, 1st and 2nd December 2016.

Poets-Abdul Rasheed, Christian Pilips, Lalnunsanga Ralfe, Nicolai Kobus, Orsolya Kalasz, Sukirthalani, Sukumaran Veerankutty, Arundathi Subramaniam, Bina Sarkar Elias and Shuvashree Chowdary delighted the audience with their wonderful poems.

To conclude with,

Hope is being able to see that there is light despite all of the darkness.

We hope our students will enhance their creative and potentiality towards the progress of excellence in success.

Thank you.

DEPARTMENT OF STATISTICS

ASSOCIATION ACTIVITIES 2016-17

OFFICE BEARERS

- UG : Vice President :** Dr. R. AMALA, Assistant Professor, Department of Statistics
Secretary : Ms. S. Nivetha, III B.Sc. Statistics
PG : Vice President : Mrs. S. ABEENA SHANTINI, Assistant professor, Department of Statistics
Secretary : Ms. S. Jasmine Farzana, II M.Sc. Biostatistics

Our Statistics Association activities for the academic year 2016-17 began with an Inter-Departmental activity on 17/9/2016 with its distinguished name "d-Analytica 2k16" followed by the Intercollegiate activity "d-Analytica 2k17" on 08/02/2017. d-Analytica meaning d- Data, Analytica derived from the word analytical, meaning "skilled in analysis" in statistical perspective. The name of the activity specifically highlighted the importance of data analysis in modern era.

The theme of the activity "d-Analytica 2k16" is to enhance the statistical knowledge of the students from various disciplines (other than Statistics) of S.D.N.B. Vaishnav College. The description about the activity is highlighted as follows:

TITLE OF THE ACTIVITY : D - ANALYTICA 2K16

Event 1 : Junk Yard

Theme : Making sense out of things that have absolutely no sense!!!

By this event we introduce the concept of waste management and also to promote the Swatch Bharath campaign. Through this event the students have highlighted the glimpses of statistical concept through waste materials with innovations.

Event 2 : Stat Hunt

Theme : If you find a path with no obstacle it Probably doesn't lead any where!!!

One of our greatest weaknesses lies in giving up!! The most certain way to succeed is always try just one more time. This event is similar to our life race in reaching our goal. It will give you an exposure in reaching our goal out of too many hurdles. The event comprised of reaching a particular destination by clues.

Event 3 : Hat tricks

Theme : Why should things be easy to under stand?

Event 4 : Trifecta

Theme : As strong as your legs are, it is your mind that has made you a champion...

Event 5 : Currency Designing

Theme : Every man is an artist and the sculptor of his own life, in that way, it is not a wonder to design a currency of our nation to our Vaishnav's Creators!!!!

DEPARTMENT OF PHYSICS

PROGRAMMES CONDUCTED BY THE PHYSICS DEPARTMENT UNDER FUNDING FROM DBT STAR COLLEGE SCHEME 2016 - 2017

1. Guest Lecture on Introduction to Crystal Growth, Optical Applications and its Importance
 Date : 22.08.2016
 Coordinating Department : Physics
 Conducted by : Dr.D.Jayalakshmi, Assistant Professor, Department of Physics, Queen Mary's College, Chennai.
 Students : I B.Sc., Physics, II B.Sc., Physics and III B.Sc., Physics Students

The students were given an exposure to the methods and procedures used for the synthesis and characterization of nanomaterials by Dr. D. Jayalakshmi, Assistant Professor, Department of Physics, Queen Mary's College, Chennai on 22.08.2016.

2. State Level Seminar on Materials : Synthesis, Characterization and Applications
 Date : 03.10.2016
 Coordinating Department : Physics
 Students : B.Sc., Physics, B.Sc., Chemistry and B.Sc., Plant Biology Students and research scholars of other Colleges

SESSION I

- TOPIC : "Characterization from atom to macro"
 Conducted by : Dr. Sundara Raman, Visiting Professor, Department of Metallurgical and materials Engineering, Indian Institute of Technology, Madras, Chennai.

Dr. Sundara Raman, Visiting Professor, Department of Metallurgical and materials Engineering, Indian Institute of Technology Madras discussed about various techniques like UV, Xray diffraction, SEM, TEM, FIM, STM and AFM used for characterization of materials.

SESSION II

- TOPIC : "Growth and Characterization of Organic crystals"
 Conducted by : Dr. D. Jayalakshmi, Assistant Professor, Department of Physics, Queen Mary's College, Chennai.

Dr. D. Jayalakshmi, Assistant Professor, Department of Physics, Queen Mary's College, Chennai explained the practical aspects of growing organic crystals and elaborated the characterization of Organic crystals.

SESSION III

- Date : 04.10.2016
 TOPIC : Molecular modelling and drug design
 Conducted by : Dr. Suresh Kumar, Assistant Professor, Center for Bio Informatics, Pondicherry University.

The students were given an exposure towards Molecular modelling and drug design used to model or mimic the behaviour of molecules and to study molecular systems ranging from small chemical systems to large biological molecules and material assemblies by Dr. Suresh Kumar, Assistant Professor, Center for Bio Informatics, Pondicherry University.

SESSION IV:

- Date : 04.10.2016
 TOPIC : Nano materials in health care
 Conducted by : Dr. L. Sudha, Professor and Head, Department of Physics, SRM University, Chennai.
 Outcomes : Experimental methods of synthesizing nanoparticles

3. Workshop on Video Production
 Date : 18.11.2016
 Coordinating Department : Physics
 Conducted by : Mr. Muthuraman, Free-lance Cinematographer, Chennai.
 Students : B.Sc Physics, B.Sc Chemistry and B.Sc Plant Biology and Plant Biotechnology

A "workshop on video production" was conducted by Mr. Muthuraman, Free-lance Cinematographer, Chennai on the technique of shooting good videos. Students were provided hands on experience of handling high end video camera PD170.

- Outcomes : > Hands on experience of handling high-end video camera PD170
 > Techniques of producing good video were explained

4. Workshop attended by student
 Name of the student : Vedam Thanvi Shree Nithya, Ist B.Sc Physics
 Ms. Vedam Thanvi Shree Nithya has attended the workshop on Molecular techniques in Microbiology conducted by the King Institute Of Preventive Medicine And Research.

- Date : 09.01.2017 to 13.01.2017 – Module I
 20.01.2017 to 24.01.2017 – Module II
 Outcomes : > Learning Core Microbiological techniques.
 > Understanding various cell culture techniques and the basic necessities of a tissue culture lab.
 > Gaining hands on experience in microscopy, staining techniques and preparation of bacterial cultures in various media.
 > Understanding immunodiagnostic and virological techniques, and complex methods such as PCR, ELISA.

5. WORKSHOP ON MOLECULAR TECHNIQUES IN MICROBIOLOGY
 Date : 20.01.2017
 Students : B.Sc students of Physics, B.Sc students of Chemistry and B.Sc students of Plant Biology and Plant Biotechnology

Ms. Vedam Thanvi Shree Nithya, I B.Sc physics has given a Lecture on Molecular Techniques in Microbiology explaining the molecular techniques in microbiology.

Outcomes : > Applying molecular techniques in their own area of research.
 > Understanding complex procedures and laboratory techniques involved in detection of infections.
 > Acquiring a basic preview of core microbiological techniques, as an interdisciplinary field.

6. Interdisciplinary Certificate Course
 Duration : 2016 – 2017 Academic Year
 Date : 20.10.2017 to 24.10.2017

Interdisciplinary Certificate Course on Digital electronics was conducted by the department of Physics for the Students of Chemistry and Plant Biology and Plant Biotechnology from 20.10.2017 to 24.10.2017.

- Digital Electronics — offered by Department of Physics, Students of Chemistry and Plant Biology and Plant Biotechnology.

7. Visit to NLC
 Duration : 2016 - 2017 Academic Year
 Date : 01/03/2017

B.Sc Physics students of SDNB Vaishnav College were taken on industrial visit to MINE I and solar power plant of Neyveli lignite Corporation of India (NLCIL) on 01.03.2017. They had the opportunity to visit the reclaimed land as an ecological area which host a wide variety of indigenous and endemic species of plants like sandalwood, cocoa, Indian laburnum, Tamarind Soap pod, Eucalyptus and animal species like the spotted Indian dur, pond neron and cattle egret.

- Outcomes : ➤ Exposure to MINE-I and Solar Power Plant
 ➤ Maintaining Ecologically restored land.

8. Workshop on Scientific Working Models
 Duration : 2016 – 2017 Academic Year
 Date : 1-02-2017

As a skill development initiative; the workshop on creation of scientific working model was conducted by Mr.A.Subramaniam, Assistant Professor, Department of Visual Communication, S.D.N.B Vaishnav College for Women and Mr.E.Senthil Kumar, Lab Assistant, Department of Visual Communication, S.D.N.B Vaishnav College for Women for II Year B.Sc Physics Students on 1. 02.2017. They explained the necessity of working models and method of designing the model based on the scientific principles involved.

- Outcomes : ➤ Understanding the necessity of working models
 ➤ Method of designing the model based on the scientific principles involved.
 ➤ Knowledge to do experimental working Models.
 ➤ Gain knowledge to design the skill based Models.

9. Exhibition of Working Models
 Duration : 2016 – 2017 Academic Year
 Date : 16/03/2017
 Students : Students of the entire department of the College.

The II BSc Physics students displayed the working models created by them in the exhibition conducted on 16.3.2017 to the other students of the college.

- Outcomes : ➤ Development of Skill of creating models
 ➤ Development of communication Skill while explaining

10. Research based project
 Duration : 2016 – 2017 Academic Year
 Date : 27/10/2016
 Students : III B.Sc Physics Students

Research based project was introduced in the curriculum of III B.Sc Physics students in the V semester from academic year 2016-2017 onwards. The students did project in Crystal growth, Electrodeposition, Nanoscience and Thin film. They presented poster in State level seminar under the justification of Dr. M.M. Govind, HOD and Associate Professor of Physics department, SIVET College, Gowrivakkam, Chennai on 27.10.2016.

DEPARTMENT OF CHEMISTRY 2016-2017 ACTIVITIES

1. ASSOCIATION ACTIVITIES

Chemistry Association, CHEM VAIBHAV 2016-2017 was inaugurated by Dr. R. Kumaran, Assistant Professor, Department of Chemistry, D.G. Vaishnav College, Chennai on 6th October 2016. He gave a lecture to the students on "Introduction to Photophysical Chemistry".

Various interdepartmental competitions (Chem Rhythms (Chem tunes), Chemi-links (Connexions), Chem Quest) and interclass competitions (Quiz, Dumb Charades, JAM) were conducted.

2. One Day Workshop – Hands on Training on "Clinical Diagnosis of Coagulation and Bleeding Disorders" was held on 14.10.2016.

Dr. K.Valarmathi, Associate Professor of Pathology, Stanley Medical College, Chennai highlighted the nature of Coagulation.

Dr. S.Yamini Sudha Lakshmi, Assistant Professor of Medical BioChemistry, University of Madras, Taramani gave lecture on Bleeding Disorders.

3. Dr.U.Balakrishnan, Associate Scientist, Kemin Industries south Asia Pvt.Ltd., Ambattur gave lecture on Animal Nutrition and Health on 01.03.2017.

DEPARTMENT OF COMPUTER SCIENCE E-INFORMATIK 2016-17

"WE ONLY HAVE WHAT WE GIVE...!"

E-INFORMATIK 2016 (INTER-DEPARTMENTAL)

The empowering inter-departmental event, E-INFORMATIK 2016, was conducted by the Department of Computer Science on the **30th of August, 2016** to identify and glorify talents and promote a sense of sisterhood among the students of various departments. Students from every department voraciously participated in the **Ad zap, Potpourri, Collage, T-Shirt painting and Triple Truffle, Connections, Paper Presentation** displaying their knowledge on today's technology and proving their capacity for creativity. Mrs. and Mrs. graced the event by aptly judging the talents on display and encouraging them to work towards bettering their knowledge. The combined efforts of the organizers, participants and judges made the event a spectacular success.

E-INFORMATIK 2016 (INTER-COLLEGIATE)

The most prestigious inter-collegiate event, E-INFORMATIK 2016, a step towards encouraging talents of various spheres and building a good rapport among the students of various institutions, conducted by the Department of Computer Science was staged in all grandeur on the **21st of September, 2016**. The competitions were held in a spirit to encourage knowledge as well as creativity. Contributing to the test of knowledge were the **Match Up, Code Champ and Presentazione while the Brain War, Sthozzle and E-Songs** were a tribute to creativity. Students from various reputed institutions actively participated in all the competitions with the Loyola College bagging the overall trophy. The united efforts of the organizers, participants and judges made the event a grand success.

DEPARTMENT OF ENGLISH (SELF - FINANCE)

The Department of English(Self-Finance) strives to acknowledge and appreciate the young talents across various departments in the college every year.

Inspired by the words of Breathnach, "Begin today. Declare out loud to the universe that you are willing to let go of struggle and eager to learn through joy". The Department embarked a new beginning of Inter-Collegiate Competitions under the banner "Effulgence-Radiance of Talents" on October 5, 2016.

It was an attempt to encompass the features of faculty with unique and luminous enthusiasm nourished with candid endowment. As a result 10 colleges in and around the city including Shree Muthukrishnan Arts and Science College, Tagore College of Arts and Science, JBAS College for Women, Women's Christian college, A.M. Jain college of Arts and Science, D. G. Vaishnav College, Rama Krishna Mission Vivekananda College, Patrician College of Arts and Science and MOP Vaishnav College for women took part in the event.

பாரதி தமிழ்ப் பேரவையில் முதல் பரிசு பெற்ற கவிதை

செழுச்சி

தனி ஒருவன் இருந்தான், அவன்
மகிழ்ச்சியின் அர்த்தத்தைத் தவறாக உணர்ந்தான்
பள்ளிப்பருவத்தில்
பெற்றோரை மதிக்க மறந்தான்,
மதிப்பெண்களைக் குறிக்கோளாகக் கொண்டான்,
வியக்கும் மதிப்பெண் பெற்றான்,
இதுவே மகிழ்ச்சி என்றான்!!!

தன் இளமைப் பருவத்தில் கல்லூரிக் காலத்தில்,
சக மாணவர்களுடன் நட்புப் பாராட்ட மறந்தான்,
வெற்றியைக் குறிக்கோளாகக் கொண்டான்
கோப்பைகள் பல பெற்றான்,
இதுவே மகிழ்ச்சி என்றான்

வாழ்வின் அடுத்தப் பருவத்தை அடைந்தான்
அழகிய பெண்ணை மணந்தான்
அவளிடம் அன்பு காட்ட மறந்தான்,
வரதட்சணையைக் குறிக்கோளாகக் கொண்டான்
செல்வங்கள் பல பெற்றான்
இதுவே மகிழ்ச்சி என்றான்.

கற்று தேர்ந்தப் பருவத்தை அடைந்தான்
பிள்ளைகள் இரண்டு பெற்றான்,
அவர்களுக்கு அன்பும் அரவணைப்பும் காட்ட மறந்தான்,
பணிஉயர்வைக் குறிக்கோளாகக் கொண்டான்,
ஊதியம் அளவில்லாமல் பெற்றான்,
இதுவே மகிழ்ச்சி என்றான்.

முற்றும் தேர்ச்சி அடைந்தான்
அன்பு காணாத மனைவி முக்திப் பெற்றாள்
தந்தைபாசம் காணாத பிள்ளைகள் விலகிச் சென்றனர்,
மதிப்பெண்களும், கோப்பைகளும் செல்வங்களும்
ஊதியமும் அவன் முன்னாள் இருந்தன
ஆதரவு காட்ட ஒருவரும் இல்லை!

தனிமரமாக நின்றான்
மகிழ்ச்சியின் அர்த்தத்தை உணர்ந்தான்
உயிரற்ற பொருட்களைக் குவிப்பது மகிழ்ச்சி அன்று
உயிருள்ள மனிதர்களுடன் கூடி வாழ்ந்து
அன்புப் பாராட்டுவதே மகிழ்ச்சி என்று...
எண்ணி கண்ணீர் வடித்தான்.

“இரண்டாம் பரிசு பெற்ற கவிதை”

செழுச்சி

நான் கூன் இல்லை; குருடில்லை; செவிடில்லை
ஆக பிறப்பில் மகிழ்ச்சி
நான் தாயின் தாலாட்டில்; தந்தையின் சீராட்டில்;
ஆக வளர்ப்பில் மகிழ்ச்சி
நான் கலை கற்றேன் களிப்போடு; இலக்கியம் கற்றேன் இன்புகத்தோடு
ஆக கல்வியில் மகிழ்ச்சி
நான் விரும்பியதை அணிந்தேன்; வேண்டியதை உண்டேன்;
ஆக உடைமையில் மகிழ்ச்சி
நான் வெற்றி பெற்றேன்; தோல்வியில் கற்றேன்;
ஆக வாழ்வதில் மகிழ்ச்சி
நான் சிரித்து பேசு; மகிழ்ந்து விளையாட; நண்பர்கள்
ஆக உறவுகளில் மகிழ்ச்சி
அனைத்தும் என் வாழ்வில் ஆக இறப்பிலும் மகிழ்ச்சி

கொட்டு முரசே

சாதிகள் இல்லாத சமூகத்தை
சரித்திரத்தில் படைத்திட - கொட்டு முரசே!!
சாதி என்னும் வேரினை
சாயும் இடம் தெரியாமல் அழித்திட - கொட்டு முரசே!!

சாராயம் என்னும் சாக்கடையில்
சாகாமல் இருக்க கொட்டு முரசே!!
சாய்ந்தால் நீ சாவாய் என
சொல்லிக் - கொட்டு முரசே!!

வஞ்சனையை நெஞ்சில் விதைத்து
வன்முறை என்னும் மரத்திற்கு
தண்ணீர் ஊற்றி வளர்க்காத
சமுதாயத்தைப் படைத்திட - கொட்டு முரசே!!

இயற்கையான இந்தியாவை
இயக்கிட கொட்டு முரசே!!
இல்லையே நீ இருக்கும் இடம்
தெரியாமல் அழிவாய் என சொல்லி - கொட்டு முரசே!!

ஆணாதிக்கம் இல்லாத அண்டத்தை
படைத்திட - கொட்டு முரசே!!
செய்திருந்தால் சுவாதி, சோனாலி
வாழ்ந்திருப்பர் என சொல்லி - கொட்டு முரசே!!

வரதட்சணை இல்லாத வாழ்க்கையை
வரமாக்கிட - கொட்டு முரசே!!
வாழ்பவர்கள் பெண்ணாயினும்
வீழ்பவர்கள் பெற்றோர்களே
என சொல்லி - கொட்டு முரசே!!

ஏழையில்லாத எதிர்காலத்தை
எழுதிட - கொட்டு முரசே!!
ஏற்றிவிட ஏணியாக தமிழன் இருக்கிறான்
என சொல்லி - கொட்டு முரசே!!
கல்வியே கண்ணைத் திறக்கும்
கடவுள் என சொல்லி - கொட்டு முரசே!!

முதல் பருவ மாணவிகளை வரவேற்கும் விழாவில்
(Fresher's Day) படித்த கவிதை

உதிர்ப்பூக்கள்

உதிரிப் பூக்களாய் அமைந்த மாலை
என் கவிதையைப் பதிவு செய்ய அதுவே நல்ல வேலை
வண்டு கொத்தும் செண்டு மலர்ச்சோலை
வரவேற்கிறோம் முதல் வருட மாணவிகளை

மலரின் தரம் மணத்திற்கு
மாணவிகளின் தரம் மதிப்பெண்ணிற்கு

நட்பென்பது வளைந்து மெலிந்து ஓடும் கொடிகள்

கல்வியோ நகரா நிற்கும் வேர்கள்

வளைந்து ஓடும் கொடியை மகிழ்ச்சிக்கும்

வளையா நிற்கும் செடியை வாழ்க்கைக்கும் - எடுத்துக் கொள்

வறுமையால் வாடாமலும் வசதியில் ஆடாமலும்

பெருமையில் வளையாமலும் - இருந்துக் கொள்

குறைகளைக் காண்போர்க்கு ரசிக்கத் தெரியாது

ரசிக்க தெரிந்தவர்க்குக் குறைகளே தெரியாது

அன்பு மலர்களே!!

நீரைப் பற்றும் வேரைப்போல

நீ நகர்ந்து வா மெல்ல மெல்ல

வெற்றி என்னும் கனியைக் கிள்ளி

மனிதம்

மாற்றத்திற்குரியது மரபுகள் மட்டுமல்ல மனிதமும் கூட!
நவீனமயமாக்கத்தின் போது சந்தை பொருளாகி
கணினிகளின் காலத்தில் கண்ணாமூச்சி ஆடி,
அறிவியல் உலகின் விளிம்பில் மாண்டித்துவத்தின் மனிதம்!
மருத்துவமனைக்குச் சேர்த்த ஓட்டுநரிடம் இருந்தது (மனிதம்)
மருத்துவருக்கு இருந்திருந்தால், எருமையிலே வந்தவன் ஏமாந்து போயிருப்பான்!
வண்ணமிகு கடலில் வன்மம் என்ற புயல்வீச
மனமுடைந்த மனிதம் ஒருவேளை வலுவிழந்து கரைகடந்ததோ!
மனிதமே! மீண்டும் ஒருமுறை பிறந்து பார்!
முதலாளித்துவத்தை முறியடித்த புரட்சியை வரலாறு பார்க்க வேண்டும்
வன்முறைக்கு ஊரடங்கு உத்தரவு உன்னால் பிறப்பிக்கப்பட வேண்டும்
வாழ்க்கை என்பது பூமெத்தை அல்ல;
வாழ்ந்தவன் யாருமே மாமேதையும் அல்ல;
உலகில் தோன்றிய உயரிய சிந்தனை நீ!
ஊழ்வினைகளை வெல்லும் பாதை உனக்கு தெரியாதது ஒன்றுமல்ல
உன்னைக் காத்துக்கொள்ள சாணக்கியனைப் பின்பற்று.
ச(கு)ந்திரனின் அதிகாரத்தை அழிக்க (உனக்கு) வழி வகுக்கும்
மார்க்ஸிடம் மண்டியிட்டது பொருளாதார மென்றும்,
மனிதம் மறித்துச் சென்றது போர்க்களமென்னும்
புகழ்மாலை பூமாலை சூடும் நாள்
நீ! சாகாவரம் பெற்ற நாளாகும்.

மன்னும் மனமும்

அனைவருக்கும் அன்னையாய் விளங்கி
பசுமை மாறா பைநிறம் பெற்று
பஞ்சம் என்னும் பனியைப் போக்கி
தூய காற்றைத் தூது அனுப்பி
வனப்பு உள்ள வனத்தை அளித்து
மழை என்னும் அமிர்தத்தைப் பொழிந்து
மாசில்லா நீரை மக்களுக்குக் கொடுத்து
மகிழ்ச்சி என்னும் கடலில் மூழ்க
தன்நலம் கருதா தாயைப் போன்று;
மக்கள் தரும் துயரங்களைத் தாங்கி
கைமாறு கருதாது கடவுளாய் நின்று
வீரமும் விவேகமும் வேண்டும் என்று
கண்ணியம் என்னும் கடமையைக் காத்து
கலாச்சாரம் என்னும் பண்பை நாட்ட
வாய்மையை நாட்டி வளங்களைக் கூட்டி
வாழ்க வளமுடன் என்று வாழ்த்தி
வாழவைக்கும் எங்கள் அன்னையே
வணங்குகிறோம் உன்னை நாங்கள்....

ஒரு விவசாயியின் குரல்

வாடிய பயிரே!
வளமறியா நெஞ்சே!
வேலியில் பூவே!
பூவில்லா மரமே!
கனியும் காணவில்லை
கண்விழித்து பார்க்குமிடமெல்லாம்;
மழையும் விழுவில்லை மண்ணில்
ஒரு விதையும் எழுவில்லை நிலத்தில்
தீசை மாறி செல்ல மனம் வரவில்லை!
விவசாயி என்று கூறி யாரும் தோள் தட்டவில்லை
தண்ணீர் தாகத்தைத் தீர்க்கவில்லை
உரமும் உண்மையாய் வேலை செய்யவில்லை.
வறுமையின் பிடியில் சிக்கினேன்
வாடிய பயிரைக் கண்டபோதெல்லாம் வாடினேன்.

மனிதம்

மாற்றத்திற்குரியது மரபுகள் மட்டுமல்ல மனிதமும் கூட!
நவீனமயமாக்கத்தின் போது சந்தை பொருளாகி
கணினிகளின் காலத்தில் கண்ணாமூச்சி ஆடி,
அறிவியல் உலகின் விளிம்பில் மானிடத்துவத்தின் மனிதம்!
மருத்துவமனைக்குச் சேர்த்த ஓட்டுநரிடம் இருந்தது (மனிதம்)
மருத்துவருக்கு இருந்திருந்தால், எருமையிலே வந்தவன் ஏமாந்து போயிருப்பான்!
வண்ணமிகு கடலில் வன்மம் என்ற புயல்வீச
மனமுடைந்த மனிதம் ஒருவேளை வலுவிறந்து கரைகடந்ததோ!
மனிதமே! மீண்டும் ஒருமுறை பிறந்து பார்!
முதலாளித்துவத்தை முறியடித்த புரட்சியை வரலாறு பார்க்க வேண்டும்
வன்முறைக்கு ஊரடங்கு உத்தரவு உன்னால் பிறப்பிக்கப்பட வேண்டும்
வாழ்க்கை என்பது பூமெத்தை அல்ல;
வாழ்ந்தவன் யாருமே மாமேதையும் அல்ல;
உலகில் தோன்றிய உயரிய சிந்தனை நீ!
ஊழ்வினைகளை வெல்லும் பாதை உனக்கு தெரியாதது ஒன்றுமல்ல
உன்னைக் காத்துக்கொள்ள சாணக்கியனைப் பின்பற்று,
ச(கு)ந்திரனின் அதிகாரத்தை அழிக்க (உனக்கு) வழி வகுக்கும்
மார்க்ஸிடம் மண்டியிட்டது பொருளாதார மென்றும்,
மனிதம் மறித்துச் சென்றது போர்க்களமென்னும்
புகழ்மாலை பூமாலை சூடும் நாள்
நீ! சாகாவரம் பெற்ற நாளாகும்.

மன்னும் மனமும்

அனைவருக்கும் அன்னையாய் விளங்கி
பசுமை மாறா பைநீறும் பெற்று
பஞ்சம் என்னும் பனியைப் போக்கி
தூய காற்றைத் தூது அனுப்பி
வனப்பு உள்ள வனத்தை அளித்து
மழை என்னும் அமிர்த்தத்தைப் பொழிந்து
மாசில்லா நீரை மக்களுக்குக் கொடுத்து
மகிழ்ச்சி என்னும் கடலில் மூழ்க
தன்நலம் கருதா தாயைப் போன்று;
மக்கள் தரும் துயரங்களைத் தாங்கி
கைமாறு கருதாது கடவுளாய் நின்று
வீரமும் விவேகமும் வேண்டும் என்று
கண்ணியம் என்னும் கடமையைக் காத்து
கலாச்சாரம் என்னும் பண்பை நாட்ட
வாய்மையை நாட்டி வளங்களைக் கூட்டி
வாழ்க வளமுடன் என்று வாழ்த்தி
வாழவைக்கும் எங்கள் அன்னையே
வணங்குகிறோம் உன்னை நாங்கள்....

ஒரு விவசாயியின் குரல்

வாடிய பயிரே!
வளமறியா நெஞ்சே!
வேலியில் பூவே!
பூவில்லா மரமே!
கனியும் காணவில்லை
கண்விழித்து பார்க்குமிடமெல்லாம்:
மழையும் விழவில்லை மண்ணில்
ஒரு விதையும் எழவில்லை நிலத்தில்
தீசை மாறி செல்ல மனம் வரவில்லை!
விவசாயி என்று கூறி யாரும் தோள் தட்டவில்லை
தண்ணீர் தாகத்தைத் தீர்க்கவில்லை
உரமும் உண்மையாய் வேலை செய்யவில்லை.
வறுமையின் பிடியில் சிக்கினேன்
வாடிய பயிரைக் கண்டபோதெல்லாம் வாடினேன்.

வறட்சி

நான்கெழுத்து கூறாவளியா இது? - நாட்டை
உலுக்கி போடும் இயற்கை சீற்றமோ இது!
வறட்சி வந்ததன் காரணம் தான் என்னவோ? - ஏன்
நம் பாரதநாட்டில் வளங்கள் இல்லையோ?
ஓ! உண்டு எனில் இவ்வறட்சி இவ்வுலகிற்கு ஏனோ?
பூமியில் சுரக்கும் தண்ணீர்
இல்லாமையால் மக்கள் கண்களில் பெருகியது கண்ணீர்!
தேனும் பாலும் நிறைந்ததாம் நம் பாரத நாடு!
இவ்வறட்சிக்கும் காரணம் என்னென்று அதை நீ விரைந்து தேடு!
இமயம் முதல் குமரி வரை இதற்கு இல்லையாம் வரையறை
குளங்கள் கட்டடங்களானதால் வந்ததோ இக்கேடு!
இதற்கான தீர்வோ ஒரு புரட்சி!
அப்போதுதான் தீரும் இவ்வறட்சி!
இன்றைய நாளில் இருப்பதோ பலவித கட்சி!
அனைவரிடமும் கட்டாயம் இருக்க வேண்டும் - மனசாட்சி!
வறட்சி போக்க உண்டோ ஆயுதம்!
கல்விடும் இயற்கையும் தான் இதற்கான - கேடயம்!
இயற்கைக்குத் திரும்புவதே இதற்கு தீர்வு!
அப்போதுதான் வறட்சிக்கு நிரந்தர முடிவு!
வாரீர்! ஒற்றுமையைக் கைக்கொண்டு வெல்வோம் வறட்சியை!

மனிதம்

வறண்ட இருண்ட நிலத்தில் - மழை போன்றதுவே!
பார்வை யற்றவனுக்கும் - பார்வையினைப் போன்றதுவே!
தன்னைப்போல் சக மனிதனையும் - விரும்பிச் செய்வதுவே!

மனிதம்...

காற்றால் இணைக்கப்பட்ட உயிருடன்
சாதியால் பிரிக்கப்பட்ட
மிருகங்களாக வாழ்கின்றோம்.

மனிதனின் வாழ்வில் இன்று

வாழ்வதற்கோ நேர மில்லை

மனிதத்திற்கோ இடமேயில்லை

கண்ணின் முன்னேயுள்ள

இன்பத்தினைத் தொலைத்துவிட்டு

பணத்தின் பின்னே செல்கின்றோம்.

மண்ணின் மேலுள்ள வாழ்வை

தொலைத்துவிட்டு - மண்ணின் உள்ளே செல்ல தயங்குகின்றான்.

வாழும் நாட்களில் மனிதத்தை

வாழ்வின் இறுதியில் மனிதத்திற்காக இறக்கின்றான்

மனிதனை எதிர்த்து இயற்கை

சீற்றம் வென்றது - மனிதமோ!

அந்த இயற்கையையே வென்றது

சாதியின்றி மதமின்றி

மொழியின்றி நாடின்றி அனைத்திற்கும்

- அப்பாற்பட்டது மனிதம்!

வாருங்கள் தோழர்களே!

- மனிதத்துவம் கொண்டு

சரித்திரம் படைப்போம் ...

உலகின் எழில்களைக் காண்போம்.

பாதுகாப்பு

நகரின் தலைசிறந்த பொறியியல் கல்லூரி அணி அணியாய் வனிதைகள் மற்றும் மாணவர்கள் ஆங்காங்கே ஆடைக்கட்டுப்பாடு இல்லாத கல்லூரி என்பதால் வெவ்வேறு விதங்களில் வடிவமைக்கப்பட்டிருந்த கல்லூரி மாணவர்கள் கல்லூரியின் எழிலுக்கு மேலும் அணி சேர்க்க தோட்டமும், நீருற்றும், கலை, அறிவியல், அழகு என எதற்கும் பஞ்சமில்லா ஓர் இடம். அங்கே கல்விக்குப் போட்டியாய் வெவ்வேறு சில விழாக்களும் போட்டிகளும் கலை நிகழ்ச்சிகளும் நிரம்பிய சமயம்.

அறிவியல் கண்காட்சி மற்றும் வடிவமைப்பு - தமிழில் என்றொரு போட்டிக்கு அழைப்பு வந்திருந்தது. தமிழ்த்துறையும் போட்டிகளின் தகவல் துறையும், ஒரு சேர நிறூரிகா சசி சஜ்தே என்ற பெயரைக் கூற, ஒரு சிலர் இந்தி மொழிப் பெண்ணா? அதுவும் தமிழ்ப் போட்டியிலா என்று வாயைப் பிளக்க தமிழ்த்துறை தலைமைச் செயலர் திருமதி.லலிதா சிவராமக்கிருஷ்ணன், "ஹ்" இங்கே தமிழ்ப் பசங்களுக்கே பாதி தமிழ்த்தான் தெரிஞ்சிருக்கு. ஆனா ரிகா நிறூரிகாவின் செல்லப் பெயர் ரிகா அப்படியில்லை. இந்தி குடும்பமா இருந்தாலும் தலைமுறை தலைமுறையா தமிழ்த்தொண்டு செய்றாங்க இவள் தான் தமிழ்ப் போட்டிகளில் ஆர்வமா பங்கேற்பா என்றார். ஒரு மாணவனை அனுப்பி, முன்றாம் ஆண்டு பீ.டெக் தகவல் தொழில்நுட்பவியல் துறையின் நிகாரிகா சஜ்தேவை அழைத்து வா என்று கூறினார்கள் அவன் நேரே சென்று III B.Tech. IT நிறூரிகா நீங்க தானே? என்றான், நிறூரிகாவும் அவன் ஆமாம் என்பது போல் தலையசைக்க, அவன் தொடர்ந்தான் அக்கா தமிழ் டிபார்ட்மெண்ட்-ல லலிதா மேடம் கூப்பிட்டாங்க உங்களை என்றதும், சட்டென்று ரிகா, ஆமா அந்த லலிதாக்கு வேற வேலை இல்லை சும்மா கூப்பிட்டு டார்ச்சர் செய்றா என்று கூறவே அம்மாணவனின் முகம் கறுத்தது சரி வர்றேன் போ என்று கூறி அவளும் புறப்பட்டாள். வழியெங்கும் கழுகுக் கண்களும் காக்கைக் கணினிகளும் அவளை டோமோகிராஃப் Scan நுட்பமாய் சோதித்தல் செய்யத் தொடங்கியிருந்தது. அவள் அத்தகைய பேரழகி ஒப்பனைப் புத்த முகமானாலும் பழங்காவியங்களில் விவரிப்பது போன்ற அழகு. தமிழ்த்துறை சென்று லலிதா மேடத்தைப் பார்க்கணும் என்றதும் உள்ளிருந்து வெளியே வந்த லலிதாவிற்கு அதிர்ச்சி அவள் கண்களை அவளாலே நம்ப முடியவில்லை. காரணம் எல்லை மீறிய ரிகாவின்

ஆடைச்சுதந்திரம் மாப்பின் மேற்புறம் தெரியும் படியான வெளிர் நிற மேல் சட்டையும், இருக்கமான ஒரு கிழிந்த ஜீன்சும் அணிந்து இருந்தாள். தன்னை சுதாரித்துக் கொண்டு லலிதா தொடர்ந்தார். நிறூரிகா நமக்கு இந்த ஆண்டும் பாதுகாப்பு வாரம் முன்னிட்டு ஒரு அறிவியல் வடிவம் செய்யணும் என்றதும் அவள் தகவல்களை உண்ணிப்பாகக் கேட்டறிந்தாள். எல்லோரும் சென்ற பிறகு, அவளைத் தனியே அழைத்து லலிதா, ரிகா உங்கிட்டே இருந்து நான் இதை எதிர்பாக்கவில்லை. கொஞ்சம் ஆடையைக் கவனிச்சு உடுத்திருக்கலாமில்லை. என்றதும் ஊரிலுள்ள மாரியாத்தா என் தலையில வந்து ஏறாத்தா, என்ற மாதிரி, என்னை மட்டும் கூப்பிட்டு சொல்றீங்க, எத்தனைப் பெண்கள் இருக்காங்க. ஏன் அவங்க கிட்டயெல்லாம் சொல்லாமே என்று கோபம் தலைக்கேறியது ரிகாவிற்கு இதெல்லாம் சகஜம் மேடம் நம்ம கண்களை கண்டரோல்டா வெச்சிசிட்டா எதுவும் தப்பில்லை என்று மிடுக்காய் கூறியதும், வெடித்த லலிதா இதோ பார் என் நல்லதுக்காக தான் சொன்னேன் காலம் கெட்டு கிடக்க ஒரு அம்மாவா என்னை நெனச்சிட்டு நீ நான் சொல்றதை எடுத்துக்கோ, இல்லைனா இன்னைக்கே இந்த சுதந்திரத்தைக் கட்டுப்படுத்த எனக்குத் தெரியும் என்று பலர் கேட்கும் படி கூறிச்சென்றார் லலிதா. திகைத்த ரிகா வெட்கத்தில் வகுப்பறைக்குப் பறந்து, அவள் சசிகளிடம் ஏய் இந்த லலிதா இருக்கால் என் டிரெஸ்ஸைப் பார்த்து கமெண்ட் பண்ணிட்டா டீ என்று கூற, அவள் தோழிகளோ, அவளைத் தூண்டி விடும்படி, நீ விடு அவளுக்குத்தான் கண்களில்லை பேசாம அவளைப் பத்தி கம்பளைன் பண்ணிட்டா என்ன? எனக் கூறவே விருட்டென்று புகார் கடிதம் எழுதி நீட்டினார். தலைமை ஆசிரியையிடம் செய்தியறிந்த லலிதா, இவளுக்கு நல்வழி புகட்ட வேண்டும் என்று மனதில் எண்ணிவிட்டு, வீட்டிற்குப் புறப்பட்டாள். ஒரு நாள் மாலை, ரிகா வீட்டிற்குச் செல்லும் போதே இரண்டு ஆசாமிகள் அவளைப் பின்தொடர்ந்தனர். ஆள் அரவமில்லா இடம், காற்று வேறு, அவள் மேலாடை மேலும் கவர்ச்சியைக் கூட்டியது. அவர்கள் அவளைச் சுற்றி வளைத்தனர். ஒருவன் அவளை பலவந்தப்படுத்த முயன்ற போது, அவளை தன் தலைக்கவசத்தால் ஓங்கி அடித்தாள். இதைக் கண்ட இன்னொருவன் அவளைக் ப்ளார் என்று அறைந்தான். அவளை நெருங்கிய முதலாமவன் கை வைத்த அவள் மேலாடையின் ஒரு பகுதியைக் கீழித்தான் தடுமாறி விழுத்தவளுக்கு ஆங்காங்கே காயம் சுதாரித்து ஒரு வழியாக இருவரையும் ஹெல்மெட்டால் அடித்தத் தாக்கி தப்பிச்சென்றாள் வீட்டில் நிகழ்ந்ததைக் கூறி அழுகிறாள். அவள் அம்மா சுருக்கென்று லலிதா மேடத்து மேல கொடுத்த

கம்பளைண்ட் என்னம்மா ஆச்சு என்றாள். திடுக்கிட்டு மேலும் கதறி அழுதாள். அடுத்த இரண்டு, மூன்று நாட்களுக்குக் கல்லூரி செல்லவில்லை, தோழிகளின் தொடர்பு எல்லைகளுக்கு அப்பால் போய்விட்டாள். ஒருத்தி மட்டும் வீடு தேடி வந்து நலம் விசாரித்தாள். அவளுக்கோ அதிர்ச்சி மறுநாள் நிகழ்ந்ததை லலிதா விடம் கூறி அழுதே விட்டாள் மன்னிப்புக் கோரினாள்.

அடுத்த சில தினங்களில் பாதுகாப்பு வார்ப் போட்டிகளுக்கு பரிசளிப்பு வழக்கம் போல் உள்மன்றத்தில் விழா. துவக்கத்தில், வழக்கமாய் பேச அழைக்கப்பட்டிருந்தார் லலிதா சிவராமகிருஷ்ணன் பாதுகாப்பு சம்பந்தமாய்ப் பேசத் துவங்கினார். இங்கு கூடியுள்ள ஆசிரியப் பெருமக்களுக்கும், வருங்காலத்தின் தலைவர், தலைவியருக்கும், அழகர், அழகியருக்கும், பணிவன்பான வணக்கங்கள். என்னப்பா, பாதுகாப்பு பத்தி கூப்பிடருக்காங்க ரொம்ப மொக்கைப் போட மாட்டேன், சட்டென சுருக்கமா பேசி முடிச்சிடுறேன். பாதுகாப்புணா என்ன? நாம நம்மை காத்து வாழ்வது, தான் பாதுகாப்பு. நம்மை நாமே காத்துக்களும் உதாரணத்திற்கு ஆள் பாதி ஆடை பாதி என தமிழில் சொல்வாங்க, இப்ப ஆளும் பாதிதான் இருக்கு ஆடையும் பாதிக்குப் பாதியாதான் இருக்கு. முன்னெல்லாம், அரைக்கால் சட்டையிலிருந்து முழுக்கால் சட்டைக்கு மாறினது தான் ஃபேஷன் ஆனா இப்போ முழுசா இருக்கறத கிழிச்சி போடறது, முக்காலா இருக்கறத பொத்துப் போடறதுனு அரைகுறை ஆடைதான் ட்ரெண்டாம் அழகுதான் ரசிக்குபடியா இருக்கணுமே தவிர நம் உடலும், நமக்கே உரித்த கவர்ச்சியும், அடுத்தவங்க கண்களைப் பறிக்கக்கூடாது. அழகு மனசிலே தெரியும், ஆதிவாசி காலத்துல க்ரூரமான உணர்வுகள் கிடையாது. இப்பல்லாம் எதை எடுத்தாலும் டபுள் மீனிங் எல்லாமும் பொதுமுறை ஆக்கப்பட்டுச்சு. பெட்ரும் பாட்ரும்-னு எல்லாத்தையும் படம் பிடிச்சு காட்ட ஆரம்பிச்சாச்சு எதுவும் புரியல நம்ம நாட்டுல இதெல்லாமா பாதுகாப்பு? நம்மளை நாம அழகு படுத்திகிறது உடையில் இல்லை. உள்ளத்திலையும், குணத்திலையும் தான் இருக்கு முதலில் உள் பாதுகாப்பு, காத்து வெச்சிகிட்டு தீ பாதுகாப்பு, மின்சார பாதுகாப்பு முதலியன அப்புறமா பாதுகாத்துக்கலாம். நம் பாதுகாப்பு, நம் உறுதியிலும் மனத்திலும் தான் உண்டு.

கொஞ்சம் அதிகமா பேசிட்டேன்னு நினைக்கிறேன். பொறுமையா கேட்டு, கைத்தட்டின அனைத்து நல்லுள்ளங்களுக்கும் நன்றி கடைசியா ஒன்று மட்டும் கூற விழைக்கிறேன். அது ஒரு நற்செய்தி. அடுத்த மாதம் 31-ஆம் தேதி நான் என் பணியை நிறைவு

செய்யுறேன். அதிர்ச்சி ஆரவாரம் அடங்க நீண்ட நேரம் ஆகியது. விழா முடிந்ததும் நிறூரிகா, தன் அம்மாவுடன் வந்து சட்டென்று லலிதா காலில் விழுந்து கதறினாள். உங்க மேல அபாண்டமா புகார் செய்ததுக்குக் கடவுளும் என்ன தண்டிச்சிட்டான் மேடம் இப்போ கூட உங்க முன்னால நிக்கிறது யாரோ எனக்கு கொடுத்த வரம் மேடம் என்றாள். லலிதா "ஆடைதான்மா ஆன்மா" இரண்டுத்தையும் சலைப்படவிடாம பத்திரமா பாத்துக்கோ நமக்கும், நம் சூழலுக்கும் அதான் நல்லது காலங்கெட்டுப் போச்சுமா, கொலையும், கற்பழிப்பும் பொழுதுபோக்காகி விட்டது நம்மை நாமே பாதுகாக்கவேனா எந்த ஆபத்தாந்தவனும் சேலை குடுத்து காக்க மாட்டான் பாத்துக்கோ வாழ்த்துக்கள்" என்று தனக்கு உண்மை தெரிந்ததைப் பற்றி கூறாமல், தைரியமாய் மிடுக்காய் நடத்து சென்றாள் லலிதா சிவராமகிருஷ்ணன்.

கட்டுரை

கல்வியின் நோக்கம்

முன்னுரை:

இன்றைய உலகின் இன்றியமையாத ஒன்றாகத் திகழ்வது கல்வியே ஆகும். இக்கல்வியைக் கற்பதிலிருந்து எந்தவொரு சமூகத்தினரும் விலகிச் செல்வது மிகவும் அரிதாகவே காணப்படுகிறது. ஏனெனில் இவ்வுலகில் வாழும் அனைத்து மக்களும் கல்வியின் சிறப்பையும் அதன் நோக்கத்தால் வரக்கூடிய நன்மையையும் புரிந்து வைத்துள்ளனர். இதனாலேயே கல்வியானது மனிதனின் அத்தியாவசிய தேவைகளுள் ஒன்றாக உள்ளது. கல்வி என்பது வாழ்க்கை வாழ்வதற்காக உதவும் கருவியே ஆகும் அக்கருவி மனிதனின் படிநிலையை உயர்த்தி இன்பமளிக்க கூடியது. இதனையே அறிஞர் பெஸ்டலசி கூறுகிறார்.

தனிமனிதரின் வாழ்வை இன்பமுடையதாவும் நம்மையுடையதாகவும் அமைப்பதும் வாழ்வாங்கு வாழ்வழி வகுப்பதுமே கல்வி ஆனால் பிளேட்டோ ஒருபடி மேல் சென்று கற்காமல் இருப்பதைவிட பிறக்காமல் இருப்பதே நல்லது ஏனெனில் அறியாமையே தான் தீவினையின் மூலவேர் என்று கூறுகிறார். இவ்வாறு நன்மைகளைத் தரும் மேன்மை வாய்ந்த கல்வியின் உண்மையான நோக்கத்தைப்பற்றி இக்கட்டுரையில் காண்போம்.

மனிதப்படுத்துதல்:

மனிதப் பண்பையும் மனிதனை மனிதனாக வாழவைப்பதும் மனிதன் மாறாது வாழ வழி வகுப்பதுமே கல்வியின் நோக்கமாகும்.

“கல்வி கரையில் கற்பவர் நாள்சில

மெல்ல நினைக்கின் பிணிபல”

என்று நாலடியார்.

“தொட்டனைத்து ஊறும் மணற்கேணி மாந்தர்க்கு

கற்றனைத்து ஊறும் அறிவு” என்றும் திருக்குறள்.

“நீரளவே ஆகுமாம் நீரம்பல் தான் கற்ற

நூலளவே ஆகுமாம் நுண்ணறிவு”

என்னும் ஔவையின் முதுமொழி போன்றவை கல்வியின் நோக்கத்தை விளக்குகிறது. நான் உயிர் வாழ்வதற்காகக் கற்க மாட்டேன். ஆனால் கற்பதற்காகவே உயிர்வாழ விரும்புகிறேன் என்கிறார், அறிஞர் பிரான்சிஸ் பேக்கன். மக்களுடைய சிந்தனையில் மனப்பாங்கில், செயலில் ஆரோக்கியமான ஆக்கப்பூர்வமான முன்னேற்றகரமான மாற்றங்களை விளைவிப்பதே கல்வியின் முதன்மை நோக்கம்.

ஒழுக்கத்தைப் பயில்விப்பது:

நாம் படித்தவர் என்று காட்டி கொள்ள மற்றவரைப் பாராட்டுவதும் அவர்கள் செய்யும் தவறுகளைக் குறைகூறுவதும் உண்மை கல்வியின் நோக்கம் அல்ல. அதைத் தவிர்த்து சிறுவயதிலேயே ஒரு சிறுவனை ஒழுக்கநெறியில் பயில்விப்பது எதுவோ, எது அவனை ஒழுங்குள்ள குடிமகனாக வேண்டும் என்ற ஆவலை ஏற்படுத்துகிறதோ, எது அந்த குடிமகனுக்கு நீதிமுறையாக ஆள்வதற்கு ஆள்படுவதற்கும் தெரியப் பண்ணுகிறதோ அதுவே கல்வியின் நோக்கமாகும்.

“ஒழுக்கம் உண்டாகா இலக்கியக்கல்வியால் ஒருவித உபயோகமும் கிடையாது”.

சுயசிந்தனையை மேம்படுத்துதல்:

கல்வி கற்கும் அனைத்து உள்ளங்களிலும் அவர்தம் வாழ்நாளெல்லாம் தேவையானவற்றைத் தொடர்ந்து தாமே சுயமாகக் கற்றிடும் திறமையுடையன் ஆக மாற்றுவதே கல்வி நோக்கங்களில் சிறந்தும் ஆகும். “தரமான நேசிக்கத்தக்க கல்விமுறை உயரிய நோக்கம் கொண்ட ஆசிரியர்களின் பயிற்றுமுறைதான் தரமான கல்வியை விதைக்க முடியும்” என்றார், டாக்டர். எ.பி.ஜே. அப்துல்கலாம் அவர்கள்.

“செல்வம் பிறக்கும் நாம் தந்திடில் தீர்ந்திடும்

கல்வி தருந்தோறும் மிக சேர்ந்திடும்”

வாழக்கற்றுக் கொடுப்பது:

கற்றல் என்பது வெறுமனே புத்தகத்தில் உள்ளதை மனனம் செய்து மதிப்பெண் பெறுவது அல்ல. அது வாழ்க்கையை வாழக் கற்றுக் கொடுப்பது. அதுவும் சிறந்த முறையில் வாழ்க்கை வாழக்கற்றுக் கொடுப்பதே அதன் நோக்கம். நமது பிரச்சனைகளுக்கு நாமே தீர்வுகாணும் மனோபாவத்தைத் தரவல்லது. நற்பழக்க வழக்கங்களைப் பயிற்றுவிப்பது அவ்வாறு செய்வதால் மனம் உடல் ஆகிய இரண்டின் ஆரோக்கியமும் பாதுகாக்கப் படுகிறது. இதுவே கல்வியின் உயரிய நோக்கமாகும்.

“இளமையில் கல்வியைப் புறக்கணித்தவன்
இறந்த காலத்தை இழந்தவன் ; எதிர்கால
வாழ்விலும் இறந்தவன்”.

மகிழ்ச்சியைத் தருவது:

மகிழ்ச்சியைத் தருவதே கல்வியின் முதல் நோக்கம் என்கிறார் கவிஞர் பாலமுருகன். கல்விகற்ற மாந்தர்களின் வாழ்க்கை இன்பமுற செய்வதும், அவர்களுக்கு நேரும் இடையூறுகளைத் தூக்கியடிப்பதும், அவர்தம் இல்லத்தில் மகிழ்ச்சியைப் பொழியப் செய்வதும் கல்வியின் இலட்சியங்களாக உள்ளன. அதுமட்டுமல்லாமல் அவர்கள் எந்தவொரு இக்கட்டான சூழ்நிலையையும் இன்பமாக மாற்ற கூடியவர்கள் “இளமை கழிந்திடில் வருமோ கல்விதான்?” இப்பொழுதே மகிழ்ச்சியோடு உன் இனித்திடும்தேன்.

நேர்வழி காட்டுவது :

எந்தவொரு சூழ்நிலையிலும் தருமாறாமல் நேர்வழியில் செல்ல பாதையை அமைத்து எந்தவொரு சூழ்நிலையிலும் தருமாறாமல் நேர்வழியில் செல்லக் தருவதே கல்வியின் நோக்கம். கல்வி கற்றவர் எப்பொழுதும் நேர்வழியில் செல்லக் கூடியவர்கள். கல்வியைக் கற்று கொடுப்பவரும், கற்று கொள்பவரும் நேர்வழியில் இருந்தால் மட்டுமே வெற்றிக் கனியைப் பறிக்க முடியும் என்கின்றனர் அறிஞர்கள்.

“கல்வியைக் கற்று சுவைத்தாலே
வாழும் வாழ்க்கையே வளம்பெறும்”

நல்லறிவை புகட்டுவது :

“கதிர் ஒளியின் முன் நின்று
கல்வி கரையில் உன் வழிகண்டு”

ஏழை, எளிய மாணவர்களும் கல்வி கற்க வேண்டும் என்பதும், கிராமப்புற மாணவர்களும் கல்வியைத் தொடர வேண்டும் என்பதும், தோட்டப்புற மாணவர்களுக்கும் வாய்ப்பளிக்க வேண்டும் என்பதும் கல்வியின் தற்போதைய நோக்கமாக உள்ளது என்கிறார் இலவசக் கல்வியின் தந்தை ஊ.று.று. கன்னங்கர அவர்கள். நல்ல சமுதாயத்தைக் கட்டியெழுப்புவதே முக்கியமான கல்வியின் நோக்கம் என்கிறார். அடிதட்டு மாணவர்களின் வாழ்க்கையிலும் ஒளி விளக்கை ஏற்றும் பணியைச் செவ்வனே செய்வது கல்வி ஒன்று மட்டுமே

விழிப்புணர்வை ஏற்படுத்துவது :

“கல்வி என்பது ஒரு மூட்டை நூல்களை வாசிப்பது அல்ல
அடக்கம், ஒழுங்கு, அறம், நீதி இவற்றின் முன்மாதிரியாகும்”.

எந்த செயலிலும் எவ்வாறு திளைத்திருக்க வேண்டும் என்ற விழிப்புணர்வை ஏற்படுத்துவது, கல்வியின் பயனே ஆண்டவனைத் தெரிந்து கொள்வதுதான். ஆனால் படிக்கும், பலபேருக்கு தெய்வபக்தியே இல்லை என்று கூறுகின்றார்கள் அறிஞர்கள். கல்வியின் முதற்பயனாக விரையம் ஏற்பட வேண்டும். இதனாலேயே பழங்காலத்தில்தான் மாணவர்களுக்கு வினையம் என்ற பெயர் இருந்தது. அறிஞர்கள் பலரின் ஒன்றிணைந்த கருத்து கல்வியின் வாயிலாகக் கிடைப்பது அடக்கம் என்பதாகும்.

அறிஞர் எஸ். சந்தானத்தின் கூற்று :

“கல்வியின் நோக்கங்கள் குறுங்காலப் பயன்கள், நீண்ட கால பயன்கள், உடனடிப் பயன்கள்” என மூவகைப் பயன்கள். இந்திய கல்வியியல் சிந்தனையாளர் அறிஞர் எஸ்.சந்தானம். ஒவ்வொரு மாணவனிடமும் அன்றாடம் கற்று பயனடையும் பாடத்தின் முடிவில் அவனிடம் எதிர்ப்பார்க்கப்படுபவை உடனடிப் பயன்கள் எனவும் குறிப்பிட்ட பாடத்தில் அவன் கற்பதனுடனாக வரும் பயன்கள் குறுங்காலப் பயன்கள் எனவும். அதனையே கல்வியின் குறிக்கோள் என்றழைக்கின்றனர். அந்தக் குறிக்கோள்கள் நிறைவேறும் நீண்டகாலப் போக்கில் ஏற்படும் பயன்கள் நீண்டகால போக்கில் ஏற்படும் பயன்கள் நீண்டகாலப் பயன்கள் ஆகும் எனவும் கூறுகின்றனர் என கூறுகிறார்.

“சான்றோன் ஆக்காத கல்வி சாமர்த்தியாக
கழித்த சோம்பலாகும்”.

கல்வியின் படிநிலை நோக்கங்கள் :

குழந்தைகளிடம் நற்பழக்கங்களை உருவாக்கி உடல் உள வளர்ச்சிக்கு உதவுதல், எதிர்கால கல்விக்கோ, பயனுள்ள வாழ்க்கைக்கோ ஆயத்தப்படுத்துதல் போன்றன முன்பள்ளிக் கல்வியின் நோக்கமாகும் (3-5வயது) பின்மொழித்திறன் விருத்தி, ஆக்கவேலை, சூழலுக்கேற்ற தொழில், பாடசாலையையும் சமுதாயத்தையும் இணைத்தல் போன்ற ஆரம்பக் கல்வியின் நோக்கமாகும். (6-10 வயது) குடியாட்சிப் பண்பு நிறைந்த எதிர்கால மக்களை உருவாக்குதல் உயிர்கல்விக்கோ அதாவது ஒரு தொழிற் கல்விக்கோ அவனைத் தகுதியுடையவனாக ஆக்குதல் இடைநிலைக் கல்வியின் நோக்கமாகும். (10-16 வயது) உண்மை அறிவை வளர்ப்பதும் அதனைப் பரப்புவதும் தலைவர்களையும் நல்ல சமுதாயத்தை வழி நடத்தும் துறை வல்லுநரையும் உருவாக்குதலே உயர் கல்வியின் நோக்கமாகும்

“எண் எழுத்து வடிவாய் பிறந்திட்டாய்
உன் சிறப்பால் பயன்பெற்றோம்”.

பிரதான நோக்கம் :

கல்வியின் நோக்கம் பல எனினும் அதன் பிரதான நோக்கம் சுயசிந்தனையும் மனித நேயமும் மிக்க மனிதனை உருவாக்குதலே ஆகும். பாரதியாரும் கல்வி முதலில் ஏழையைச் சென்றடைந்து அவர்கள் வாழ்க்கையை முழுமை பெறச் செய்வதே அதன் நோக்கம் என்கிறார். இதனையே அவர், ஆங்கோர் ஏழைக்கு எனக் குறிப்பிடுகிறார்

“தெள்ளிய அறிவையும் பண்பட்ட மக்களையும்
உருவாக்குவதே கல்வி” - மார்ட்டின் லூதர் கிங்

தேசிய கல்வியின் நோக்கம் :

இறை நம்பிக்கை இறைவழி நிறைவு எனும் அடிப்படையில் அறிவு, ஆன்மீகம், உடல், உள்ளம் போன்றவை முன்றிணைந்து சமன் நிலையும் கொண்டு தனி மனிதரின் வாழ்க்கையை மேம்படுத்தும் ஒரு தொடர்முயற்சியாகும். இது நாட்டிற்கும் சமுதாயத் திற்கும் ஒருமைப்பாட்டையும் செழிப்பையும் தருவது ஆகும்.

முடிவுரை :

இவ்வாறு எந்தவொரு செயலிலும் சிறப்பாக விளங்குதலே கல்வியின் நோக்கமாகும். எனவே கல்வியின் நோக்கத்தை உணர்ந்து அதனைப் போற்றுதல் வேண்டும்.

धन का शाप

इस जगत में हर एक आदमी का एक ही सपना होता है ।
कुछ करके दिखाने का ,
कुछ धन कमाने का ,
और नाम पाने का ।
पर क्या धन शांति ला सकती है ?
संतुष्ट है वह मनुष्य -
जो रात को अपने धन को
बचाने की चिन्ता किए बिना
चेन की नींद सो सकता है ।
धन्य है वह मानव -
जो अपने परिवार की हँसी, मुस्कान से
जी भर के आनंद उठाता है ।
और लाखों में एक है ,
वह वीर सैनिक -
जो अपना सारा जीवन
अपने प्राण की चिन्ता किए बिना
देश की रक्षा करता है ।
क्या है यह धन ?
परम मित्रों को जन्म शत्रु बनाता है,
भाइयों के बीच झगडा करवाता है ,
संसार से सुख-शांति को मिटाता है
धन की लालच पाप है ,
धिवकार है,
मानव जाति पर एक शाप है ।

एक सपना

रत्नगिरी नाम का एक गाँव था । वह गाँव बहुत सुंदर था । गाँव के हर लोग बहुत मेहनत करते थे । उस गाँव में एक लड़का था । उसका नाम देव था । देव कोई काम न करता है । उसे अपनी पसंद का काम नहीं मिल रहा था । वास्तव में , वह यह नहीं जानता था कि उसे क्या काम आता है और कौनसी नौकरी पसंद है ? इसलिए देव आवारा और निठल्ला हो गया । गाँववाले उसकी निंदा करते थे ।

एक रात में , वह सो रहा था । तब उसने एक सपना देखा था । उस सपने में वह संसार का श्रेष्ठ रसोइया बनता है । उसका एक भोजनालय खुल जाती है । लोग उसके पकवान की प्रशंसा करते हैं । भोजनालय में कचाकच भीड़ है । देव अब बहुत अमीर हो गया है । इतने में देव की नींद खुल जाती है । उसने अपने सपने में जो कुछ भी देखा, वैसे बनना चाहा ।

सुबह होते ही उसने कुछ मिठाई और खाना बनाकर अपने दोस्तों को खिलाया । सब को खाना बहुत पसन्द आया और सबने देव की बहुत तारीफ की । इससे प्रोत्साहन पाकर , देव ने शहर में एक भोजनालय खोला था । हमेशा वहाँ ग्राहकों की तांता पड़ती थी । चंद दिनों में ही वह भोजनालय, अपने स्वादिष्ट पदार्थों के लिए प्रसिद्ध हो गया । देव को इस धंधे में सफलता मिल गयी । फिर वह बहुत कमाने लगा । उस शहर के धनी व्यक्तियों में उसका भी नाम शामिल हो गया । अतः देव अपने जीवन में सफल हो गया ।

कभी-कभी हमारे जीवन का रास्ता हमें एक सपने से मिल जाता है । एक सपने के कारण हम काम्याब हो जाते हैं ।

राजा और संत

एक राजा था । जिसके पास एक शक्तिशाली सेना थी । उसके राज्य में अनेक देश थे । जब एक बार वह युद्ध करने जा रहा था , तब उसे एक संत दिखे । वे एक चट्टान पर बैठकर तप कर रहे थे । ठंड का मौसम था । फिर भी संत ने एक भी वस्त्र नहीं पहना था ।

जब राजा ने उस संत को देखा तब उसे उन पर दया आ गई और राजा ने अपना पहनावा उतार कर दे दिया । पर संत ने उसे स्वीकार नहीं किया । फिर राजा ने संत से पूछा "महात्मा ! क्या मैं आप को रेशमी कपड़े दिलवा दूँ ?" संत ने कहा - " मुझे रेशमी कपड़ों की क्या आवश्यकता है ? " । फिर राजा ने पूछा " महात्मन , क्या केसरी रंग के कपड़े आपके लिए दिलवा दूँ । आप जैसे संत उसी रंग के ही तो कपड़े पहनते हैं । " संत ने इस प्रस्ताव के लिए भी न कह दिया । आगे संत ने राजा से कहा कि उन्हें किसी भी चीज की जरूरत नहीं है , क्योंकि उनके पास तो सब कुछ है । अब राजा अचरज में पड़ गया । उसने संत से कहा कि आप तो फकीर हैं , यहाँ तक निर्धन है कि शरीर ढकने के लिए भी आपके पास कपड़े नहीं हैं । फिर आप कैसे कह सकते हैं कि आप के पास सब कुछ है ?! "

संत ने कोई उत्तर नहीं दिया । पर मुस्कराते हुए राजा से पूछा कि वह कहाँ जा रहा था ? राजा ने उत्तर दिया कि वह युद्ध करने जा रहा था । संत ने पूछा कि युद्ध क्यों करते हो ? उत्तर में राजा ने कहा - "दूसरे राज्य को पाने जा रहा हूँ । इससे मेरा साम्राज्य विशाल होगा ।" संत ने फिर पूछा कि तुम कब तक युद्ध करते रहोगे ?" राजा ने कहा - " युद्धों का कोई अंत नहीं । साम्राज्य जितना भी विशाल होगा , उसमें और विस्तार चाहते रहूँगा ।

संत मुस्कराए बोले - "राजा होकर भी, तुम अपने जीवन से संतुष्ट नहीं हो । जब तक तुम्हारी चाहतें समाप्त नहीं होती , तब तक तुम गरीब ही रहते । तो तुम जैसे गरीब से कुछ भी लेने की आवश्यकता मुझ जैसे संत को नहीं है ।"

यह सुनकर राजा बहुत शर्मिंदा हो गया । सही समय पर सही मार्गदर्शन देने के लिये राजा ने संत को श्रद्धापूर्वक नमन किया ।

प्रकृति की खूबसूरती

यह मौसम क्यों है इतना रंगीन
जीवन दाता सूर्य
फैलाव समझाता आसमान
कर सकता है क्या कोई
इसकी खूबसूरती का बखान

शाम को इन चिड़ियों की वहचहाहट
घर लौटने की खुशी की फड़फड़ाहट
क्या दिखाना चाहती है ये चिड़ियाँ
क्या कभी समझ सकेंगे हम
असली खुशियों की उनकी दुनिया ।

संध्या में झिलमील तारों का आना
हमें देखकर उनकी आँखों का टिमटिमाना
रात्री में चाँद का हमें देखकर मुसकराना
कहते क्या है वे हमसे
क्या आप - हम कभी समझ पाएँगे इसे ॥

कितनी खूबसूरत है हमारी प्रकृति
हरि-भरी है इसकी जिन्दगी
हमेशा मुसकराते रहे यह प्रकृति
न हम आने दें इसकी खूबसूरती में कमी ॥

What is Hamsodaka?

Water that is heated naturally in daytime by sunrays, again cooled naturally in nights by moon's rays, the water that is heated and cooled thus, just because of its time bound exposure to sun and moon, and the water that is purified by Agastya star is known as "Hamsodaka". Which again is preferably of Saradrutu (October and November i.e., aAswayuja and Kartika), this Hamsodaka is like an Amritan (nectar and best for bath) drinking and swimming.

IMPORTANT PRINCIPAL TO BE FOLLOWED

दृष्टिपूतम न्यसेत्पादं वस्त्रपूतं पिबेज्जलं ।
सत्यपूतां वदेद्वाचं मनः पूतं समाचरेत् ॥

- Look well before you place a step.
- Drink that water alone which is filtered (drink only filtered water).
- Speak only such words which are purified or rather scrutinised by truth and
- Do only such acts which are purified by mind.

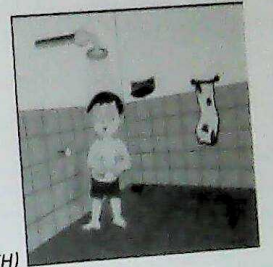

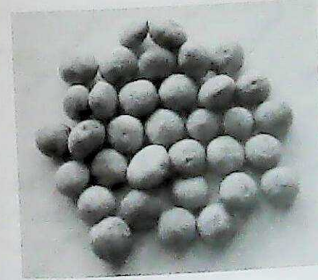

This poem means that works must be well scrutinised, thoughts must be noble, words should be true and water should be pure.

A Kataka seed (Nirmali fruit) can clear the mud in water, but not water in mud.

स्नानम् (TAKING BATH)

नैर्मल्यं भावशुद्धिश्च विना स्नानं न युज्यते ।
तस्मात् कार्यं विशुद्ध्यर्थम् स्नानमादौ विधीयते ॥

Cleanliness and purity of thoughts are not possible without taking bath. Therefore in all auspicious and religious acts the compulsory custom in Hindus is to take bath before the activity.

स्नानमूलाः क्रियास्सर्वाः स्मृतिः श्रुत्युदिता नृणां ।
तस्मात्स्नानं निषेवेत श्रीपुष्ट्यारोग्य वर्धनम् ॥

All the devotional performances recommended in Vedas, Smritis, Puranas are commenced only after performing Holy bath (Mangala Snanam). No religious performance is under taken without taking bath. Hence every one should take bath in time every day. This bestows auspiciousness, nourishment and health.

सन्नधिषेधः Restrictions to take bath

न स्नान्माचरेद् भुक्त्वा नातुरो न महानिशि ।
न वासोभिः सहाजसं नाविज्ञात जलाशये ॥

- Don't take bath immediately after meals
- Don't take bath when you are sick
- At midnight
- With clothes (or course, gents should take bath atleast with under wear)
- Don't take bath in a tank about which you do not know any thing.

अन्नम् (FOOD)

अध्यते विधिवधुक्तमति भोक्तारमन्यथा ।
आयुष्यं स्वास्थ्यदं पूर्वमन्यथैवेतरत् स्मृतम् ॥

Food when it is taken systematically and properly is said to be consumed by the individual. Otherwise the food itself consumes the person i.e., it takes away his health and life. Proper food prolongs the life and is healthy to body and improper food intakes the life and spoils the life.

अन्नमशितं त्रेधा विधीयते । तस्य यः स्थाविष्टो धातुः तत्पुरीषं भवति । यो मध्यमस्तन्मांसं, यो अनिष्टास्तन्मनः

The food is divided into three portions after its digestion

- Its waste portion that is generally more than its essential content becomes faces and urine.
- Some portion containing essential components becomes muscle and other tissues.
- The subtlest portion of the food becomes mind.

आचारः कुलमख्याति वपुराख्याति भोजनं ।
वचनं श्रुत्माख्याति स्नेहमाख्याति लोचनं ॥

A man's character and conduct show his birth and creed. His body shows the nature of food he takes, his words indicate the depth of his knowledge, his eyes show his affection and friendly attitudes towards a person.

धर्मार्थकाममोक्षानामारोग्यं साधनं यतः ।
तस्मादारोग्यदानेन तद्दत्तं स्याच्छुभं ॥

Since health is the only means to achieve Dharma, Ardhha, Kama and Moksha, if health is given, everything of CHATURVIDHA PURUSHARDHAS is deemed to have been given.

KALIDASA:

वागर्थविव संपृक्तौ वागर्थप्रतिपत्तये ।
जगतः पितरौ वन्दे पार्वतीपरेमेश्वरौ ॥

The highest peak in classical poetry, drama and prose is of course kalidasa. He was 'kavi-kula-Guru' not only for the world of Sanskrit poets of old, but was so for the creative writers as well as the medieval Indian languages.

TAGORE AND KALIDASA:

Thomson considers Tagore's real Guru as Kalidasa. Says the same critic: "He (Tagore) never lets pass any excuse to pay his homage to Kalidasa" and brings on his most sonorous diction and high flown comparisons whenever he says something about Kalidasa. Kalidasa and his times continued to hold Tagore to the last. In an address to him towards the end of his life, Tagore sighed in the same way as in an earlier poem of his: "I sigh and wish I had lived in the golden age of Kalidasa."

ऋतुसंहारम् (Rtusamharam):

Ritusamhara which inspired Tagore to write several poems on the seasons. Ritusamhara, Riturangasala, Nataraja, Sravanangatha, Sesavarsa and Navavarsa. The influence of Ritusamhara is seen in all over Tagore's poetry. In his essay on 'The Religion of the Forest', he says, "The youthful love-song in it (The Ritusamhara) does not reach the sublime reticence which is in Sakuntala and Kumarasambhava.

मेघदूतम् (Meghadootam):

कञ्चित् कांताविहरगुरुणा स्वाधिकारात् प्रमत्तः ।
शापेनास्तंगमितमहिमा वर्षभोग्येण भर्तुः ॥

Any creation of ravishing beauty was a 'Meghadoota' for Tagore. In his poem on Shahjehan he calls the Tajmahal the Emperor-poets new 'Meghadoota': "Hey! Samratkavi, E-i tavahrdayerchavi, E-i tavanava Meghadoota, apurvaadbhutachandegaane" and so on. There are other short poems, like the Yaksa (1938), in which Tagore speaks of the whole world as Yaksa'skavya with the gloss in mandakranta.

रघुवंशम् (Raghuvamsam):

वागर्थविव संपृक्तौ वागर्थप्रतिपत्तये ।
जगतः पितरौ वन्दे पार्वतीपरेमेश्वरौ ॥

We shall now go to the long epic poem, the Raghuvamsa. In the essay on The Religion of the Forest, Rabindranath expounds thus the inner moral message of Kalidasa's Raghuvamsa, the glorious line of Dilipa, Raghuv and Rama running into the moral decadence which Agnivarna, the last described king, brought about with his uncontrolled senses: 'King Dilipa, with Queen Sudakshina, has entered upon the life of the forest. Thus the poem opens amid scenes of simplicity and self-denial. But it ends in the palace of magnificence, in the extravaganza of self-enjoyment. With a calm restraint of language, the poet tells us of the kingly glory crowned with purity.

मालविकाग्निमित्रम् (Malavikagnimitram):

पुराणामित्येव न माधु सर्वं
न चापि काव्यं नवामित्यवध्यम् ।
सन्तः परीक्षान्यतरद् भजन्ते
मूढः पर प्रत्यनेयबुद्धिः ॥

Tagore sees the same message of sense-control in the first play of Kalidasa, the Malavikagnimitra. He sees also a kinship in the names of the two kings Agnivarna and Agnimitra. The opposition of the 'Unbound impetuosity of kingly splendour and the 'serene strength of regulated desires' is a recurrent theme in Kalidasa's works, according to Tagore. Regarding the Malavikagnimitra, Rabindranath takes his stand on the opening mangala-sloka of the play, praying to Siva for the vision of the right path and the overcoming of the dark, propensities of the mind.

कुमारसंभवम् (Kumarasambhava):

अथ ते मुनयः सर्वे मानयित्वा जगद्गुरुम् ।
इदमूचुरनूचाना प्रीतिकंतकितत्वचः ॥

The Kumarasambhava had its own special attraction to Rabindranath. Tagore places the great poet not only at Ujjain in the court of Vikramaditya but also in Kailasa as Siva's and Parvati's own poet, reading out his poem on them to both of them. Tagore was taken up completely by the ideal of the God in penance and of the Goddess eventually winning the God through the same penance. The whole of the Kumarasambhava poem is painting upon a limitless canvas. It tells of the eternal wedding of love, its wooing and sacrifice, and its fulfillment, for which the Gods wait in suspense. Its inner idea is deep and of all time.

In the commencement of the poem we find that the God Siva, the Good, had remained for long lost in the self-centered solitude of his asceticism, detached from the world of reality. And then Paradise was lost. But Kumarasambhava is the poem of Paradise Regained. The other place where Tagore speaks of these two phases of Paradise Gained and Paradise Lost, in the Kumarasambhava is in his Hibbert Lectures. Tagore draws a comparison with Kalidasa and his Kumarasambhava. Calling Kalidasa as "The greatest poet of Sanskrit Literature", Tagore gives a succinct exposition of the moral of the Kumarasambhava. He says : "The problem with which his poem starts is that paradise has to be rescued by the hero from its invasion by evil beings.

शाकुन्तलम् (Sakuntalam):

अस्त्युत्तरस्यां दिशि देवतात्मा ।
हिमालयो नाम नगाधिराजः ॥

The recurring theme of Kalidasa's poetry and drama, is brought out by Rabindranath, again with reference to Kalidasa's greatest work the Abhijnaana Saakuntala. Tagore says: "In Sakuntala the conflict of ideals has been shown, all through the drama, by the contrast of the pompous heartlessness of the king's court and the natural purity of the forest hermitage. "The drama Sakuntala", says Tagore, "stands alone and unrivalled in all literature, because it depicts how Restraint could be harmonised with Freedom". "The best means of winning is by devotion, by tapasya. What is easily gained is easily lost".

VEDIC MATHS

INTRODUCTION:

ADVANTAGES OF VEDIC MATHS:

- ✓ Mathematics, derived from veda, provides one line, mental and super fast methods along with quick cross checking systems.
- ✓ Vedic maths converts a tedious subject into a playful and blissful one which students learn with smiles.
- ✓ Vedic maths offers a new and entirely different approach to the study of maths based on pattern recognition. It allows for constant expression of a student's creativity, and is found to be easier to learn.
- ✓ Vedic maths with its special features has the inbuilt potential to solve the psychological problem of mathematics- anxiety.
- ✓ A.P Nicholous puts the vedicmaths system as "one of the most delightful of the 20th century mathematical history."
- ✓ Thus, vedicmaths is easier to learn, faster to use and less prone to error conventional methods. Entering into the methods and procedures, one can realize the importance and applicability of the different formulae and methods.

VEDIC MATHEMATICAL FORMULAE:

Vedic maths is a mathematical elobration of 'SIXTEEN SIMPLE MATHEMATICAL FORMULAE FROM THE VEDAS'. And there are 'THIRTEEN SUB SUTRAS'. They are

SNo.	Name	Corollory	Meaning
1.	Ekadhikena Purvena	Anurupyena	By one more than the previous one.
2.	Nikhilam Navatashcaramam Dashatah	Sisyate Sesasamjnah	All from the 9 and last from 10
3.	Urdhva-Tiryagbyham	Adyamadyenantymantyena	Vertically and crosswise
4.	Paraavartya Yojayet	Kevalaih Saptakam Gunyat	Transpose and adjust
5.	Shunyam Saamyasamuccaye	Vestanam	When the sum is the same that sum is zero
6.	Anurupy Shunyamanyat	Yavadunam Tavadunam	If one is in ratio, the other is zero
7.	Sankalana-vyavakalanabhyam	Yavadunam Tavaduninkriya Varga Yojayet	By addition and by subtraction
8.	Puranapuranabhyam	Antyayordashake'pi	By the completion or non-completion
9.	Chalana-kalanabhyam	Antyayoreva	Differences and by Similarities
10.	Yavadunam	Samuccayagunitah	Whatever the extent of its deficiency
11.	Vyashtisamanstih	Lopnasthapanabhyam	Part and Whole
12.	Shesanyankena charamena	Vilokanam	The remainders by the last digit
13.	Sopaantyaadvayamantyam	Gunitasamuccaya samuccayagunitah	The ultimate and twice the penultimate
14.	Ekanyunena Purvena	Dhvajanka	By one less than the previous one
15.	Gunitasamuchyah	Dwandwa Yoga	The product of the sum is equal to the sum of the product
16.	Gunakasamuchyah	Adyam Antyam Madhyam	The factors of the sum is equal to the sum of the factors

- ✓ Thus, vedicmaths is easier to learn, faster to use and less prone to error conventional methods. Entering into the methods and procedures, one can realize the importance and applicability of the different formulae and methods.

VEDIC MATHEMATICAL FORMULAE:

Vedic maths is a mathematical elobration of 'SIXTEEN SIMPLE MATHEMATICAL FORMULAE FROM THE VEDAS'. And there are 'THIRTEEN SUB SUTRAS'. They are

SNo.	Name	Corollory	Meaning
1.	Ekadhikena Purvena	Anurupyena	By one more than the previous one.
2.	Nikhilam Navatashcaramam Dashatah	Sisyate Sesasamjnah	All from the 9 and last from 10
3.	Urdhva-Tiryagbyham	Adyamadyenantymantyaena	Vertically and crosswise
4.	Paraavartya Yojayet	Kevalaih Saptakam Gunyat	Transpose and adjust
5.	Shunyam Saamyasamuccaye	Vestanam	When the sum is the same that sum is zero
6.	Anurupye Shunyamanyat	Yavadunam Tavadunam	If one is in ratio, the other is zero
7.	Sankalana-vyavakalanabhyam	Yavadunam Tavaduninkritya Varga Yojayet	By addition and by subtraction
8.	Puranapurabhyam	Antyayordashake'pi	By the completion or non-completion
9.	Chalana-kalanabhyam	Antyayoreva	Differences and by Similarities
10.	Yavadunam	Samuccayagunitah	Whatever the extent of its deficiency
11.	Vyastisamanstih	Lopanasthapanabhyam	Part and Whole
12.	Shesanyankena charamena	Vilokanam	The remainders by the last digit
13.	Sopaantyadvayamantyam	Gunitasamuccaya samuccayagunitah	The ultimate and twice the penultimate
14.	Ekanyunena Purvena	Dhvajanka	By one less than the previous one
15.	Gunitasamuchyah	Dwandwa Yoga	The product of the sum is equal to the sum of the product
16.	Gunakasamuchyah	Adyam Antyam Madhyam	The factors of the sum is equal to the sum of the factors

THIRTEEN SUB-SUTRAS

SUB SUTRAS	TRANSLATION
अंत्ययोरेण	Proportionality
शिष्यते शेषसंज्ञः	The Reminder Remains constant
अनुधमाधेनान्त्यामन्त्येन	The First by the First and the Last by the Last
केवलैः सप्तकं गुण्यात्	For 7 the Multiplicand is 143
वेष्टनम	By Osculation
यावदूनं तावदुनं	lessen by the deficiency
यावदूनं तावदूनीकत्य वर्गं च योजयेत्	What ever the Deficiency lessen by that account and set up the Square of the Deficiency
अनुंत्ययोर्दशकेणपि	Last Totaling 10
अनुंत्ययोरेव	Only the Last terms
समुच्चयगुणितः	The Sum of the Products
लोपनस्थापनाभ्यां	By Alternative Elimination and Retention
विलोकनं	By Mere Observation
गुणितसमच्चयः समुच्चयगुणितः	The Product of the Sum is the Sum of the Products
ध्वजाड	On the Flag

COMPARISON OF EXISTING METHOD AND VEDIC MATHS METHOD:

For example.....

Existing Method	Vedic Mathematics Method
$18 \times 18 = ?$ $\begin{array}{r} 18 \\ 18 \times \text{-----} \\ 1464 \\ 18 \\ \text{-----} \\ 324 \end{array}$	Number=18 Base =10 Excess=18-10=8 First part=18+8=26 Second part=8x8=64 $\begin{array}{r} 26 \\ 64 \\ \text{-----} \\ 324 \end{array}$ Ans: 26 + ----- 324

CONCLUSION:

This article serves as only introduction to vedicmaths. Even though introductory, has touched almost all the sutras and sub sutras.

Thus VEDIC MATHS enable the practitioner improve mental abilities to solve difficult problems with speed and accuracy.

RUDRASHA WITH MUDRAS AND ITS BIO-PHYSICAL FACTS

INTRODUCTION :

रुद्रस्य नयनादुत्पन्ना रुद्रक्षा इति ।

The term *Rudraksha* (*Rudra* i.e. *Siva+aksa* i.e. eye) literally stands for the "eyes" of Lord Siva or *rudra* implying thereby that it was pleasant to the eye of Lord Siva, and hence so named in his honour. Lord Siva is an important deity of Vedic age (125000 yrs. B.P.) (Rai, 1987) and is depicted wearing rosary of *Rudraksha* beads in the icons of different were realized first by Lord Siva himself and he handed down the same to the benefit of later generations. This event and greatness of are described in *Siva Purana*, *Padma Purana*, *RudraksajabaloPanisad*, *Mantramaharnava*, *Mahakalasamhita* etc.

As the *Rudraksha* lie in the touch of body surface in multiple *Puranic* uses, any effect by *Rudraksas* due to pressure, touch vibration, etc. will be detected by tactile sensation of the body. This property was studied suspending the beads separately in a strong inhomogenous magnetic field of 10,000 Gauss at Faraday Balance and nothing whether they were drawn into, indicated by an increase in weight, or repelled from the strongest part of the field, indicated by a decrease in their weights; two and four *Mukhis* slight increase a substantial weights; and six and eight to fourteen *Mukhis* a substantial increase in their weights, suggesting diamagnetic, paramagnetic and ferromagnetic properties respectively and these beads are dielectric material and their variable *Puranic* uses suggested their applications as capacitors, it was deemed necessary to characterize their electrical properties for understanding the cause and bio-effect mechanism of different *mukhis*. In this study, relative parameters of their inductance, and capacitance at frequency range one to thirteen Mega Hertz (MHz) were determined.

ELECTRICAL SIGNALS: MAN

Besides the neutral functioning, several studies have shown, that various electrical signals involve in all the cellular, physiological communion among and within different organs of the body and its contact with external environment. As such, human body can be modelled as very complex electronic circuit operating at different signal inputs. In sequel of the internal events, there also develops varying electrical signals recorded over the body surface. The brain signals (waves) designated as alpha, delta and theta have been and varying with characteristic pattern of shifts in frequency and amplitude among different individuals.

TYPES OF WAVES :

- The *alpha waves* arising from the temporal and frontal lobes of the human brain are in the frequency and between 8 and 13Hz, that is about as far as you can move a finger. Their amplitude is around 30 millionth of a volt. The stimulus signals reaching to the brain from the sensory nerves have been noted to modulate the alpha signals.
- The *delta signals*, arising from all areas of the brain, are mainly large, slow and regular in pattern and are regular in pattern and are related to sleep conditions.
- The *theta* rhythms of 5 or 6Hz are largest at the side of the head and are connected in some way with the functioning of the thalamus, the midbrain where signals from the body are relayed to the brain roof. these 3 rhythms are attributed to the feeling to emotions, particularly fear and frustration. The picture of brain response produced by the toposcope indicator that as required by theory signals entering the brain are subjected to considerable processing before they reach the primary receiving area.

The amplitude of electrical signals with reference to thumb and wrist as measured over all the finger tips alone and their various combinations are depicted in above. In fig below depictate the range of rest potential difference at each finger tips of both hands produces different electrical signals that vary from finger to finger

in each case. Coupling of two or more than two fingers causes variance in cumulative range of the resting potentials depending upon the finger used. The coupling of thumb, middle and ring finger was found to lower the voltage amplitude, which drops further by 6mV on being touched by small finger in case of thumb mid as base point, and increase in the same magnitudes in case of wrist as base point. In either case, this ratio remains constant. Similar to the surficial signals over different parts of the body were found to vary in frequency and amplitude at different states of conditions. Body also radiates all bands of electromagnetic energy. This makes the body to interact with all bands of imposed electromagnetic fields, on the one hand and also with other beings, on the other (Smith and Best, 1989)

EFFECT MECHANISM IN CHANTING HYMNS

As shown in above picture, human thumb is connected with brain by radial and median sensory nerves, index, middle and half of the finger by median nerves and that half of the ring and small fingers by ulnar nerve and combining the thumb respectively with middle, index, small, ring, and middle and ring fingers together results into successively decreasing potentials. In chanting hymns by combining different fingers for different purposes with thumb as such, they relay signals of different amplitude and frequencies by the concerned sensory nerves to specific sensory reception centres of the brain. In turn such signals may produce different bio effects as expressed in ancient Indian texts, for the bio stimulation and effects depend on the signal strength and frequencies (Smith and Best-1989; Rai-1992)

In *Yogasutra*, it is held that human fingers from thumb to small represent fire, air, sky, earth and water- the *Pancamahabhutas* - respectively. Either of the fingers on coupling with thumb is held to form specific *Yogamudras*, viz. *Jnana*, *Apana*, *Sunya*, *Akasa*, *Surya*, *Vayu*, *Prana*, *Prithvi*, *Varuna*, *Angustha*, *Sankha* etc. each of these mudras (postures) is suggested to cause specific bioeffects and their advantages is taken of for curing many diseases, due to interaction of the representative elements.

A combination (slight content) of index finger tip with that of the thumb, while keeping other fingers erect, forms *Jnana* mudra. The signals of their cumulative potentials and the elements are suggested to improved memory and concentration, induce sound sleep and remove mental instability and irritability.

A combination (gentle touch) of the middle and the ring finger tips with that of the thumb, while keeping remaining fingers erect, forms *Apana* mudra. The signals of their cumulative potentials and the elements are suggested to facilitate excrete discharge and to clean the internal organs of the body.

A combination (with pressure) of the middle finger tip at the base of the thumb and the thumb tip over the mid portion of the middle finger, while keeping other fingers erect, forms *Sunya* mudra. Its complimentary mudra is *Akasa* mudra which results due to combination (gentle touch) of middle finger tip with that of the thumb. The signals of their cumulative potentials and the elements are suggested to affect the auditory system and cure its diseases.

A combination (with pressure) of ring finger tip at the base of the thumb and the thumb over the mid portion of the ring finger, while keeping the remaining fingers erect, forms the *Surya* mudra. The signals of their cumulative potentials and elements are suggested to control fat metabolism. An advantage of this mudra is taken obesity.

Since the coupling of index finger with thumb, middle and ring finger increase the cumulative potentials, as measured, by 6mV and coupling on this combination is therefore prohibited to avoid any fluctuations in the amplitudes of the relayed signals. In general the signals relayed to by finger combinations may not however remain constant and therefore the biological effects. To achieve an improvement over the steady state of such bio effects, and also to attain the bio effects of modulated signal, there is prescription for chanting the hymns by *Rudraksa* rosary.

When a *Rudraksa* bead of the rosary is held between any finger pairs in chanting the mantras, the signals across it shall be bi-directional, whose instantaneous amplitude shall depend upon input signal amplitude and its interpretation by the neutral network.

धात्रीफलप्रमाणं यच्छ्रेष्ठमेतादुदाहुतम् ।
बदरिफलमात्रं तु मध्यमं प्रोच्यते बुधैः ।
अधमं चणमात्रं स्यात् प्रकियैषा मयोच्यते ॥

Rudraksa of the size of Ber (juzube fruit) is held medium and that of the size of a gram is inferior in attributes.

APPLICATIONS

- > In bio medical applications, there surficial electrical signals are used to defined health disease condition.
- > In electro and magneto medicine, surficial application of electrical and magnetic fields are used to treat many disease.
- > In bio effect mechanism, the imposed fields after the speed and direction of ionic fields after the speed and direction of ionic current due to field induced changes in "line water" structure. This results into modulation of signals characteristics, such as frequency, amplitude, phases of the signals of sensory nerves.
- > The bio effect of these fields occur depending upon then field strength, frequency, length of expose etc. (Smith and Best ; 1989, Rai 1992)
- > The modulated signals on reaching the brains affect the effect -directions of various motor nerves resulting into various health-disease conditions.

If the body represents the electrical circuit, similar to cause and effect mechanism of dielectrics onto the outputs of electrical and electronic circuits, varying electrical properties of dielectrics can also affect body's surficial electrical signals and there by sensory signals reaching the brain, which in turn may result into different bio effects. Further, variably modulated surficial signals due to different electrical properties of *Rudraksas* may also causes elective stimulated of the nervous system. Thus the bio-effect of *Rudraksas* are also related to this effect-mechanism.

ARYABHATIYA- A FORGOTTEN TREATISE

INTRODUCTION

Astronomy is one area which has fascinated all mankind from the beginnings of history. Indian astronomy has a long history stretching from pre-historic to modern times. Some of the earliest roots of Indian astronomy can be dated to the period of Indus Valley Civilization or earlier. The first references to astronomy are to be found in the Rig Veda which is dated around 2000 B.C. Vedic Aryans in fact deified the Sun, Stars and Comets. Astronomy was then interwoven with astrology and since ancient times Indians have involved the planets (called *Grahas*) with the determination of human fortunes.

It would be surprising for us to know today that this science had advanced to such an extent in ancient India that ancient Indian astronomers had recognized that stars are same as the sun, that the sun is center of the universe (solar system). The ancient Indian estimates came close to the actual figure.

HINDU COSMOLOGY

In Hindu cosmology, the universe is cyclically created and destroyed. Deeply rooted in the texts of Hindu literature, including the Vedas and the Puranas, is the belief time is divided into four epochs or Yuga, of which we occupy the final. In roughly 432,000 years, it is believed that the Avatar kalki, the final incarnation of Vishnu, will bring the end time (i.e. a time of climax of world events).

Hindu cosmology also describes aspects of evolution, astronomy, and astrology.

The Rig Veda speculates about the origin of the cosmos:

"Neither being (sat) nor non-being was as yet. What was concealed? And where? And in whose protection?...Who really knows? Who can declare it? When was it born, and when came this creation? The devas were born later than this world's creation, so who knows from where it came into existence? None can know from where creation has arisen, and whether he has or has not produced it. He who surveys it in the highest heavens, He alone knows-or perhaps does not know."

GREAT ASTRONOMERS

Indian astronomers also propounded the theory that the earth was a sphere:

1. Aryabhata I – 5th Century AD
2. Brahmagupta – 7th Century AD
3. Bhaskaracharya II – 12th Century AD

Aryabhata was the first one to have propounded this theory in the 5th century. Another Indian astronomer, Brahmagupta estimated in the 7th century that the circumference of the earth was 5000 yojanas.

A yojana = 7.2 kms.

Calculating on this basis we see that Therefore circumference = $7.2 * 5000$
= 36,000 kms.

ARYABHATA - ARYABHATIYA

Aryabhata's Magnum Opus, the Aryabhatiya was translated into Latin in the 13th century. Aryabhata's ideas about eclipses and the sun being the source of moonlight may not have caused much of an impression on European astronomers as by then they had come to know of these facts through the observations of Copernicus and Galileo.

But considering that Aryabhata discovered these facts 1,500 years ago, and 1,000 years before Copernicus and Galileo makes him a pioneer in this area too. Aryabhata's methods of astronomical calculations expounded in his Aryabhata-Siddhanta were reliable for practical purposes of fixing the Panchanga (Hindu calendar). Thus in ancient India, eclipses were also forecast and their true nature was perceived at least by the astronomers.

SOME THEORIES FROM ARYABHATIYA ARE:

STARS AND CONSTELLATIONS

There is an old Sanskrit Shloka (couplet) which is as follows:

"SarvaDishanaam, Suryaha, Suryaha, Suryaha."

This couplet means that there are suns in all directions. This couplet which describes the night sky as full of suns, indicates that in ancient times Indian astronomers had arrived at the important discovery that the stars visible at night are similar to the Sun visible during day time. In other words, it was recognized that the sun is also a star, though the nearest one. This understanding is demonstrated in another Sloka which says that when one sun sinks below the horizon, a thousand suns take its place. This apart, many Indian astronomers had formulated ideas about gravity and gravitation.

RELATIVITY

"Just as a person in a boat moving forward sees the stationary objects (on the bank) as moving backwards, the stationary stars are seen in Lanka (at the equator) as moving towards the west."

At that point in time, the Indian astronomers worked with reference to a Hindu Equator running through Lanka. Hence, the reference to Lanka. Aryabhata shows by a simple example that it is the earth that moves and that the stars are fixed and stationary.

GRAVITY OF THE EARTH

"Similarly, the deity i.e. earth exists by favoring, attracting, controlling by pulling down the vital function called Apana of the human. Else the body would fall due to its weight or would fly into the sky if left free."

SPEED OF LIGHT

"It is remembered (that) Salutations to Thee (sun), the traveler of 2,202 yojanas in half a nimisha."

Sayana's computation of Speed of Light:

Distance travelled	=	2202 Yojanas
1 Yojana	=	9 miles 110 Yards = 9.0625 miles
	=	21,144.705 miles
Time taken	=	1/2 nimesha = 1/8.75 = 0.114286 seconds
Speed of light	=	185,016.169 miles/seconds.
Modern Value	=	186,282.397 miles /seconds.

ORBITS – CENTER OF GRAVITY

"The attracting (gravitational) force is the earth. That (earth) with the gravitational force of hers attracts towards herself the large objects in the sky."

It seems as though she is falling. In space, with matching forces she will (earth) fall.

CONCLUSION:

Indian ancient astronomers calculated and derived theories far before any western Scientists. We came to know about earth and other celestial planets in 5th century AD whereas Newton and Einstein found it in 15th century only. Our Indian treatise have many valuable things which we fail to acknowledge.

MAJESTIC ARCHITECTURE OF KONARK SUN TEMPLE

INTRODUCTION AND REFERENCES OF KONARK SUN TEMPLE :

Konark is a village located at a distance of 66 km from Bhubaneswar, the capital of Orissa and is famous for the Sun Temple, which marks the highest point of achievement in the temple construction of Kalinga order in Orissa. The Sun Temple, even in the ruined form presents a majestic appearance in the midst of vast stretch of sand. The name is after the presiding deity Konarka, the meaning of which is Arka (Sun) of kona (corner). The European travellers called the main temple as 'Black Pagoda' while the Puri Temple was known as 'White Pagoda', probably due to the colour of these temples when viewed from a distance from the coast. The black colour of Sun Temple could be due to the accumulation of moss, lichen and other fungal growth which turned the surface of the temple into black colour.

The legends attribute the temple to the Puranic age, and references are found in the Bhavishya and Samba Purana. This tradition is carried forward in the Kapila-Samhita, the Madala-panji (chronicle of the Jagannatha temple of Puri) and the Prachi-mahatmya. The traditions attribute the construction of the temple to Samba,

the son of Lord Krishna, who after a curse suffering from leprosy, did a severe penance for twelve years to get himself cured. Samba cured of his illness by the god, decided to construct the temple, and took a holy dip in Chandrabhaga and discovered the image of god, which was fashioned out of Surya's body by Visvakarma. The tradition also attributes that Samba installed this image in the temple built by him in Mitravana.

INNER ARCHITECTURE OF THE KONARAK TEMPLE :

The Konarak temple was conceived as a huge and colossal chariot drawn by a team of seven horses depicted in the galloping mode. The entire temple was planned in such a way that it is fitted with twelve pairs of exquisitely decorated stone wheels. The horses were conceived in such a way that the Sun God (Surya) himself drives this chariot, his place being inside the garbhagriha. The Konarak temple also marks the culmination of the temple building architecture in Orissa. The humble beginning made in temple building activities in the 7th century A.D. (Parasuramesvara Temple being a classic example) passed through a process of efflorescence (e.g. Lingaraj Temple in the 11th century A.D. and the Jagannath temple in the 12th century A.D.) and finally culminated in the Konarak Temple in the 13th century A.D.

Apart from the depiction of the stone wheels and the caparisoned horses drawing the colossal chariot of Sun God, the Konarak Temple is a typical example of the Orissan temple architecture. The temple is not different from those of other regions. On plan, the temple consists of a deul (sanctum sanctorum or the sanctuary), antarala, jagmohana (porch or the mahamandapa) and a bhoga-mandapa, the latter being detached from the main temple complex as a separate unit, but along the same alignment with the main temple. The only variation from the other temples of Orissa and that can be viewed here that the temple proper stands on a huge platform, the sidewalls of the platform utilised for the depiction of the richly embellished stone chariots.

The deul is a typical rekha deula of the Orissan order marked by the curvilinear sikhara, which could have originally marked with the typical karma-amalakas. The jagmohana (frontal porch, mahamandapa) is the typical pidha deul with receding pidhas resembling a pyramidal roof. Both the rekha and pidha deuls were crowned by amalaka and a stupi. The rekha and pidha deuls are square on plan inside, while the outside is a typical example of a pancha-ratha structure known as rathas or pagas in Orissan architecture. The central projection, also the most pronounced one is known as raha paga, while the middle one is anuratha-paga and the corner one is known as kanika-paga. Apart from these major projections, numerous other minor projections and recesses could also be discernible.

On elevation, both the pidha and rekha deuls are divided into the components namely, pishta (or jangha, the platform), bada (the wall portion, the vertical wall), gandi (the portion immediately above the bada, the 'trunk portion of a body'; in a rekha deul it is curvilinear, while in a pidha deul it is pyramidal) and mastaka (the crowning element, 'head'; it consists of beki (neck), amala, khapuri, kalasa). It is also easily discernible that there is no marked difference between the pidha and rekha deuls up to the top of the bada portion. The bada portion further consists of pabhaga (foot) which is composed of five broad mouldings, tala jangha (lower shin), bandhana (a set of mouldings which divides the jangha into two, namely the tala and upara jangha), upara jangha (upper shin) and the veranda which is again a set of mouldings, the number may vary, here in the pidha-deul there are ten mouldings.

The pidha-deul as described above is in the form of a stepped pyramid with receding tiers of pidhas, arranged into three tiers, called as potalas. The gandi portion of the pidha-deul is preserved fairly at the Konarak temple. However, the gandi portion of the rekha-deul and a large part of the bada had collapsed long ago. Even the extant remains of the rekha-deul remind us of the typical superstructure it should have once had. The bhoga-mandapa as stated above is detached from the main temple structure. The mandapa is a pillared edifice, now open to the sky.

The stones are laid in ashlar masonry, the individual stones were carved and finished smoothly and hence the joints are less visible. These stones were placed on one another firmly due to their own weight supplemented by the use of iron dowels to hold them properly in their place.

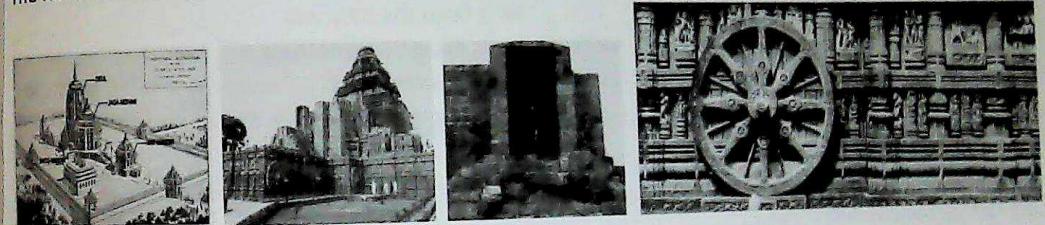

The evidence indicates that three different kinds of stones were used in the temple construction. The stone type known as khondalite was used largely for the temple construction while the high quality chlorite was used for the doorjamb and some sculptures. The interior core of the temple and other structures were largely constructed using the laterite stones. The selection of khondalite which is a variety of garnetiferous felspathic gneiss that is prone to easy weathering and chemical alteration had been a major cause in the gradual disintegration of the temple. Most of the garnet composition is decomposed into a spongy mass of oxide which is further deteriorated by the saline winds and heavy rainfall witnessed in this region. Hence it is been an arduous task conserving this temple.

MEASUREMENTS OF THE SUN TEMPLE :

The temple was originally built at the mouth of the river Chandrabhaga, but the waterline has receded since then. The temple has been built in the form of a giant ornamented chariot of the Sun god, Surya. It has twelve pairs of elaborately carved stone wheels which are 3 meter wide and is pulled by a set of seven horses (4 on the right and 3 on the left). The temple follows the traditional style of Kalinga architecture. It is carefully oriented towards the east so that the first rays of sunrise strikes the principal entrance. The temple is built from Khondalite rocks.

The original temple had a main sanctum sanctorum (*vimana*), which was supposedly 229 feet (70 m) tall. Due to the weight of the superstructure (70 m tall) and weak soil of the area, the main *vimana* fell in 1837. The audience hall (*Jagamohana*), which is about 128 feet (39 m) tall, still stands and is the principal structure in the surviving ruins. Among the structures, which have survived to the current day, are the dance hall (*Nata mandira*) and dining hall (*Bhoga mandapa*).

The Konark temple is also known for its erotic sculptures of maithunas.

REFERENCE :

Suryashtakam is a stotra on suryadeva especially based on the sun temple, konark.

सप्ताश्वमारुढं प्रचण्डं कश्यपात्मजम् ।
श्वेतपद्मधरं देवं तं सूर्यं प्रणमाम्यहम् ॥ सूर्याष्टकम् (2)

MEANING:

- 1: (Salutations to Sri Suryadeva) You are mounted on a Chariot driven by seven Horses, You are excessively Energetic and the Son of sage Kashyapa.
- 2: You are the Deva Who holds a White Lotus (in Your Hand); I Salute You, O Suryadeva.

CONCLUSION :

The sun temple of konark is one of the most majestic and ancient architectural temple of this world situated in india. there is no other place which is comparable to the structure of this temple in this whole world. there are also many other architectural importances in this this world which are still undiscovered.

SENSE AND NONSENSE

COWS of holiness have ENDURANCE.
ASSES own the pride of TOLERANCE.
An ELEPHANT is, by all means, a WEALTH.
GREEN trees are for the global HEALTH.
CROWS are cawing with a noble LOVE.
GLOW-WORMS highlight a KNOW-HOW.
The EARTHWORMS do a labour, grand,
Helping tillers by PLOUGHING LAND.
The DEER are DEAR for everybody.
On TAMING, SNAKES are less than nobody.
A CAMEL is a ship of DESERTS.
It stores up WATER for the future FRESHERS.
DOGS have a FAITHFUL and WATCHFUL MIND.
Never, a LION hates its KIND.
Never a SQUIRREL spills its FOOD.
A PARROT or PEACOCK is always GOOD.
BIRDS of a feather flock TOGETHER.
HILLS or SEAS, they FLY OVER.
FISHES of innocence are very CALM.
They swim and dive for fun and CHARM.
ANTS are saving for the RAINY DAY.
Minding their work, BEES are GAY.
A DROVE knows only a noble DEED
A FRIEND in need is a friend INDEED.
MAN has five plus another SENSE.
It's nothing but COMMON SENSE.
The human race is one in a SENSE.
Hence, man HUNTING animals is a NONSENSE!

Know My Need

Life is unsure
Where I find censure.
I and out of the way
In the long rotations.
Through all day long
No word', No regret.
My broken heart
Were never fixed.
Everything ends and
All was confounding.
Though everyone was in haste
Sometimes I never give up.

Sometimes my fights conclude
Only in tears.
My tears never buzz
But my eyes do
Look into my eyes
And you would know
My need!
Oh! God,
Let everyone change.
Let everything change
Not me.

V. Shanmugapriya

FAR, FAR AWAY

Sometimes, I feel like I wanna fly far, far away
from where I'm entrapped
It makes me choke like a clause claustrophobic
For I can never sway
To the whims and caprices
Of those ruling the day.
I may to stay at bay
From the baying hounds of torture, distress
But malice finds its way
making its rapture.
When can I find my redemption?
When can I be free?
Do I have the strength to fight the reality?
When can this world
Accept ugliness in its worst form,
and see the breathtaking beauty within?
Will I live to see that day?
Realisation sets in...
Sin is never the easy way
Nor is doing the right thing.
I still stay entrapped,
Wishing to find my way, To fly far, far away.

Beauty to Beast

The dreary plain - bleached
without any greenery;
The haunted house filled with
the dark shadow;
Completely drenched desert -
Unacquainted Ocean - the salinity lows;
Infavouring quenching;
The time when icebergs sweat;
Tears flowed from her eyes;
"She", who was once a dream girl;
Now shouts and shatters;
Beauty turned beast;
Blasts out in temper;
the patched ground -
surely swallow them one day....

CRUELTY OF GOLD

Hey there. Do you know me?
Of course you won't
You are the chiseled Golden statue
Kept on a pedestal.
I remember the time once,
I used to tower above everything.
You came to my shelter.
I treated you with honeyed words and Caresses,
And you took them gladly.
I never hoped for you to return them.
But I seeked your respect,
Your loyalty, Your love, Your attention for me
Alas, my dear lass!
When we set forth into this
Ravenous, power-hungry world,
Hand in hand, with eyes beheld full of pure hope
But little did I know
that it would never be the same.
I was lost,
You were found.
You got your bejewelled pedestal
that you designed for
I got the cold stone floor
I tried to fight the mob,
To reach out to you, only you,
You were off-limits, out of my league,
Heaven - no, Hell knows
the pain in my bleeding heart
Which you treat like
a ramid pop-tart
I got ruined.
I know I'll never be the same.
Even if I do, with others,
I know I would be lost
Once again
Cur anyone who finds me tires easily
Just like you did
All the dreams, excitement, hope
that countless people have filled in my native head
Left without a word, Left me melancholy & blue.
I thought every time
that it would be different
Atleast, if they don't
I'll try, hard.
But thorns are cruel.
They will always be.
Even if they are adorned
With a golden flower.

DOWRY ---- DEATH

I was packed up along with the gifts
And was manipulated use and throw
I didn't get any coloured sarees
But received enough black and blue
I was kicked out from their hell
But my dear ones returned me to their full
So my life became as their boxing bag
And my melamine turned from pink to black
Water overflowed from my eyes non-stop
But didn't once cool their deserted mind
Everyday I Struggled to burn the biofuel
Finally it caught fire and my life turned into ashes...

MY SOUL

It was a day for lovers when I was born
With my siblings surrounded with everyone's love
Leaving her children she went in search of food
And I lost my way as eyes are not open
You raised my up in your hand when I was standing near
you
Days passed and I was totally dipped in your love
I have never seen anything so perfect like you
Pizzas in a single plate, our daily masses are unforgettable
Our bedsheet is wiping my tear at the end of the day.
Our couch is being weightless as you never came
My legs are not really stopping the search for you
Almighty take my half walking soul to my soul
Till that my eyes will be living with your memories.

PRISMATIC MIND

A timid mind in a savage place,
I need the fire in me
A glow of warmth to melt the ice
Of my own despair, could as the
North wind. I stand alone
Feeling the roaring wind on my face
Yearning for lost hope.
I lose myself in delirium
Where the world is a happy place
Where I can do anything
Wield a sword, dance a ballet
As much as I please.
A jolt wakes me up, I see the world-crystal clear
Through my eyes, not the Blanket of Cowardice.
Blanket of cowardice.
Bravery lies in the heart, not in
Ammunition. Fire - the goodness within me
The desire to live a life, and not go wanton
Keep up my sophisticated grace, in this
savage place, feeling the warmth
find its way into my mangled heart.
I realize, the world has no tolerance
Towards the timid, for those who
Survive, are the fittest.
I realize in shame, my head hung low,
The doubt in my mind, the fear-
That I blamed the world, when the
Culprit is me.
Conscience snarls and pricks me
And I feel the doubt shattering to
A thousand flubs of dust.
Absolute bliss - Infinite hope hugs me, I feel
The burn, the thirst,
which I can quench with
The heavenly ambrosia of
Candor, Amity and self-Abnegation.
The world is savage, if I think it to be,
Mind - could be so prismatic,
And I love the joy, to feel my
Dauntless mind, in an infinite world.

City of Light

It is the story of grieve,
Where everyone leaves.
The ring of the bell,
Reminds humanity that dwells,
the fact, that everyone here is parallel.
This is the law we bound,
Where, our material riches get drawned,
resonating our last sound.
Death comes as an uninvited guest,
and offers us an everlasting rest.
All the bad and good,
are flamed with the same wood.
It marks the last day,
of our stay.
Where, we see our entire,
body in the pyre,
with all suppressed desire.
Dear ones gather to mourn,
to pay respect for the gone.
From the very beginning of our existence,
This is the very end,
our fate has penned.
Humanity as a whole,
Come here to purify their soul.
The banks of ganges,
has become impure,
because of the sins of humanity,
She has endured.
The moment our heart stops,
Where our body and soul part,

Restoration

Thinking about the future
We forgot the present
When, we look back our past
Everything was lost.
Though, We all belong to the same range
All these change
Isn't it strange?
Isolated as an ----
We forgot, even to smile
In whatsapp, Facebook, tweet
We behave so very sweet
But on the contrary
We forgot the manners to greet
To the people we daily meet
Words become cut short
and our emotions were thwart
Even, the words life thank you and sorry
become very harder for our lips to carry
stuck between the circumstantial gravity
and forgetting the very reality.
We have slowly lost, the true bliss of humanity
resulting in a life of fallacy.
It has already been high time
to repay for our crime.
So, let's wake up from this Amnesia
to restore our lost virtue
and relive a life that is very true.
Which means,
Attaining the perfection of humanness
is the real pursuit of happiness!
It paves us to a new way of start.
All these cremation,
that happens on the north station,
believed to grant salvation.
And, this is Varanasi
the city, that is not only lighted up with sun's fire
but also glows with the burning pyres...

My Attractive Lady

She is two years older than me,
An ex-classmate of mine.
I was attracted by her leadership quality,
She had such a commanding voice.
Firstly, I admired her perseverance as a leader
But, I was also attracted slowly to her personality,
Her simplicity sometimes makes me mad,
She is a tall lady with attractive eyes,
My eyes search for her rare look on me.

I got her friendship just few months ago,
But, I got a strong bond with her.
I want her to spend some time with me,
But, she blames the earth's rotation,
I can't stop But it,
I can only feel for her absence

My attractive Lady, I want a lone walk with you,
I want to see your eyes without disturbance,
Every poet calls his attractive lady as his lover,
I say she is my sister.

Memory

Memories slipping through my hands,
Tears aren't from eyes, but from heart
My fallacy is to listen,
And your reflex is to ignore.
Those pitch black clouds, give me a memory,
leaving me with suffocation and desolation.

As words grow numb,
only pen and paper remain my friends
Those memories don't ave
no matter how happy or sad.
And your memory is a relic
which occupies my realm.

GODS SIMILAR, MEN INDIFFERENT...

Insha Allah, Mahadev and Christ no where
one less than another with vivacious glory;
Allah, an undefined image of crescent moon,
A bright spiritual light as a symbol of hope;
Mahadev assisting human in every stage of life,
Glory of enlightenment to human mind as Natraja;
Go confess your sins, always available, Christ,
To pardon your mischief with patience ever;
All the three kept on forgiving your immaturity,
They never insist discrimination but man did;
Mankind spoiled God's divinity with his impurities,
Allah, Mahadev and Christ never stimulate enmity;
whereas man exaggerated and politicized world with,
His own religion, and destroyed the name of God;
Spread the fragrance of the glory of God,
But never spread enmity for the sake of religion.

DARK HOURS

Busy cities, Shrilling sounds, Flooded people,
Corrupted minds
Eventually from dusk to dawn, I think
I grew up
Driving my way perfectly distant,
Running at the heels of something, I avert
Warring with my heart
Ignoring what I adore.

Dark night, city lights, night travels,
Fading worries, Peaceful minds, Self talks,
Refining me from Biophobia to Biophilia,
Obsessed with waves as Thalassophile
O, My Moon, I embrace you
O, Lampyridac, I wonder of you
Yeah, that's when night falls,
The perfect time for perfect thoughts
Deeper the nights, Deeper the thoughts
Conceiving path instead discovering it;
Chasing what I dream for.
Loyal companion as Crescent,
Truly understanding what means to be human
Painted dark sky bringing colours to life
Being the mother of silence, night feels more lively
Beginning the real lye at night;
Beyond anything, bring human and being yourself
Dark Hours reveal the real version of me.
